Liner Technology

LATHAM® behind every pool

oasisswimmingpoolproducts.com

# Your Private Paradise

# It's Your Irresistible Retreat

An inground

pool is

more than

an investment.

It's a lifestyle.

A private paradise.

A retreat

all your own.

# You Deserve the Best

Latham Pool Products has many years of experience manufacturing pools. We stand behind our pools, that's why we offer a lifetime transferable warranty.

## Lifetime Transferable Warranty

Oasis wall panels and braces carry a lifetime transferable warranty. Oasis Pools have been designed, engineered, manufactured and field-tested for strength, durability and reliability.

The pool you deserve.

# Your Dreams Take Shape

## Almost unlimited choices…

Today's world includes almost unlimited choices. It's the same with your Oasis Pool, which offers a wide selection of options that allow you to customize your pool. Select from more than a dozen pool shapes, including traditional rectangles and ovals as well as the most elegant Mountain and Riviera silhouettes. Then choose your pool liner, the shape, the size, and the number of pool steps. As you design your Oasis Pool, you'll be creating the pool that fits your lifestyle and harmonizes with your natural environment.

# Hidden Treasures

## The quality you crave.

Oasis Steel Wall Pools™ feature:

- Top quality zinc-coated galvanized steel walls with “Z” rib internal supports.
- Stake-Lok™ panel construction for strength and stability.
- Wide top and bottom panel flanges.
- Sturdy, heavy gauge galvanized steel brace with drive stake assembly.
- Optional, heavy gauge galvanized steel deck support braces.
- Lifetime transferable warranty.

# We’re Behind You All the Way

## Getting Building Permits is Easier with Oasis Pools.

We are the only packaged pool manufacturer to receive ICC-ES Certification of its products. What is ICC-ES? International Code Council Evaluation Service (ICC-ES) ensures that building products meet code requirements.

Building inspectors and engineers look to the ICC-ES evaluation reports for evidence that the products and systems are code-compliant — and can receive a standardized branded pool blueprint coded with ICC-ES report number, stamped and signed by a licensed engineer. Inspectors’ #1 choice for approving building codes are ICC-ES certified products*.

*Final permit approval is up to the discretion of each individual municipality’s code official.

## Enjoy Your Personal Hideaway

You’ll enjoy owning your own pool, the fun and relaxation, the exercise, and the beauty of your backyard. Since a vinyl-lined pool is smooth-to-the-touch and gentle on the feet, you’ll always enjoy a comfortable pool experience.

Don’t worry that maintaining your pool will take time away from enjoying it. Routine maintenance can now be reduced to a mere hour per week with state-of-the-art filtration and sanitation systems. Ask your dealer for specific information.

# Lots of Options

Oasis Pools offers a large assortment of steps designed to create your perfect poolscape. A wide selection of steps, lounges, benches, and specialty steps are available in white, blue granite, and grey granite. Create a unified backyard retreat by color coordinating your entryway with your liner. Even the poolside spa is available to match.

## COORDINATED COLORS!

ALL STEPS ARE AVAILABLE IN:

## Thermoplastic Steps

Our Thermoplastic steps are flexible and durable. Co-extruded and vacuum-formed from a single sheet of ABS supported Luran®S material from BASF, our Thermoplastic steps are 100% non-corrosive and will withstand all the elements.

## Fiberglass Steps

Fiberglass steps have set the standard for inground pool step systems. Inherently rigid and strong, fiberglass steps are vacuum-formed from a single piece of acrylic and then backed with multiple layers of fiberglass for unsurpassed structural support; the strength is built into the step itself. This structure is easy to clean and impervious to the elements.

## Spas

Spas are available in scallop and spill-over styles. All of our spas can be coordinated with our steps and liners, and are available in white, blue granite, and grey granite. Our spas are VGB compliant.

## Modular Vinyl Over Steps

Our Modular Steel Steps are more than just a swimming pool step. You can choose to combine them with a bench for a customized poolscape. Since your pool liner goes right over the modular frame, you'll have the uninterrupted beauty of your liner pattern throughout the entire pool. It's your place to sit, relax, and cool off on a hot summer day.

# Beautiful Choices

## Experience in Producing Top Quality Liners

We have revolutionized the liner industry. Our vinyl pool liners are easy to clean, soft to the touch, and look fantastic! Made from the best vinyl material available, our liners are algae and bacteria treated and UV resistant for a longer life.

## Quality, Fit, and Protection

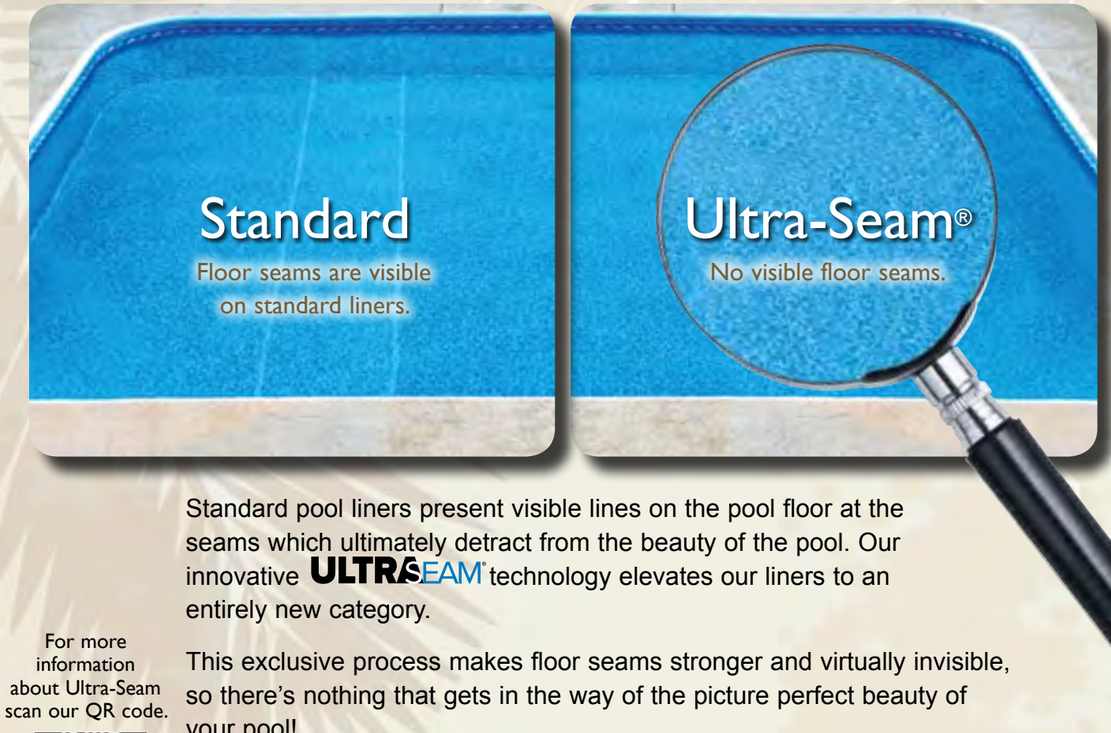
Oasis liners are designed and manufactured using the most advanced technology in the industry. Our skilled and knowledgeable designers and machine operators take pride in every liner they make. As a result, you get the highest quality, best fitting liner money can buy. Our quality control is so tight we back every liner with one of the best warranties in the industry. It's why "More dealers specify our liners than any other manufacturer!"

## Wide Selection of Designer Choices and Oasis Exclusive Patterns

Oasis offers an extensive array of designer patterns including exclusive pattern choices. Your individuality is important to us. We are proud to offer you choices that will allow you to customize your poolscape to match your style and taste. Visit our website at oasisswimmingpoolproducts.com to view our extensive pattern selection.

Featuring ULTRASEAM® The strongest seams you'll NEVER see!

## Standard on every Oasis Liner.



Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative ULTRASEAM® technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool!

Now standard on every Oasis Liner.

For more information, ask your dealer about ULTRASEAM®!

For more information about Ultra-Seam scan our QR code.

oasisswimmingpoolproducts.com

### Here's what your neighbors are saying about their new Ultra-Seam® liner.

*"I've had other liners and you could always see the seams, especially when there was dirt in the pool. I'm so thrilled with the Ultra-Seam® liner. We've had multiple people remark how awesome it looks. You can't see the seams at all, even when there's dirt in the pool. In fact, you don't see the dirt at all. It looks fantastic, especially at night when you put the lights on. I'm impressed!"*

Tim Moseman, Pool Owner

*"We've been pool owners for over twenty years and we were amazed that we couldn't see the seams! Our grandchildren came over and actually thought we got a brand new pool. Even after walking out to the pool all summer I still can't get over the fact of how perfect the liner fits and flawless it looks. Why would anyone want to go back to the old way, it makes no sense."*

Gail Guertin, Pool Owner

*"Oh my gosh you can't even see the lines, how did they do that? It's amazing the difference. Our old liner had so many lines across the floor and now they are virtually invisible."*

Nan and Dick, Pool Owners

# A Secure Sanctuary

We make it strong. We make it easy.™
COVERSTAR®

EXCLUSIVE 20 YEAR WARRANTY

## Automatic Safety Covers:
## We make it Strong. We make it Easy.

A backyard swimming pool is the ultimate source of family fun! But when it comes to children and pets, it is also the source of safety concerns. No parent can be watching over the pool every minute. No fence or alarm can prevent a child from getting access to an unsupervised pool. A Coverstar automatic safety pool cover can!

Simply flip a switch, and your Coverstar automatic safety cover will create a barrier over your pool that no child or pet can penetrate. Custom-built to fit your pool perfectly and manufactured from best-in-class materials, Coverstar is the best protection available for your family and your pool investment!

A Coverstar cover acts as a passive solar heater, increasing the temperature of your water by eight to ten degrees. It also reduces evaporation of water as well as consumption of chemicals. Less time cleaning, more time enjoying!

# Extreme Safety Covers™

Oasis Pools have designed the Extreme Safety Cover to protect both you and your family. Our pool covers are manufactured to your specific pool size and shape. A properly installed Extreme Safety Cover will help prevent accidental intrusion by children and pets.

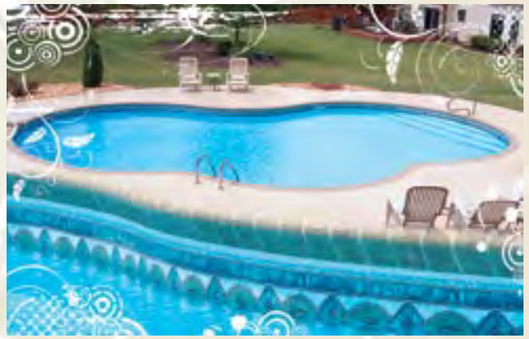
Ask your dealer about our Premium 98 High-Shade mesh safety cover material (U.S. Patent 6,886,187-98), available in green and tan, or our Standard 95 Shade mesh, which is available in blue, green, tan, and grey.

If a solid cover is your preference, our Heavy-Duty Solid 12 oz. solid and the Lite Solid 7 oz. solid covers are excellent choices. Both are available in green or blue.

We are proud to also offer a full line of Coverstar branded mesh and solid safety covers. This new product line will become the premier source for the industry's safety covers offering best in class materials, craftsmanship, and service. Available through your Oasis Pools dealer.

# Relax and have fun!

Don't worry that maintaining your pool will take time away from enjoying it. Routine maintenance can now be reduced to a mere hour per week with state-of-the-art filtration and sanitation systems. Ask your dealer for specific information.



In some pictures, the safety rope and floats have been removed from the pool for photographic purposes. The safety rope should be permanently attached at all times. We also urge you to use handrails and grabrails in accordance with the ANSI/NSPI standards.

The specifications in this brochure were believed to be true at the time of printing.
However, specifications, standard equipment and options are subject to change without notice.

# Be SMART, stay SAFE.

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited too:

1. Safety ropes, which should remain in place at all times;
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component
- ensure that ALL CHILDREN using their pool are supervised constantly
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner and available upon request. We must insist that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner–Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.

NOTICE: The manufacturer stands behind every product they produced pursuant to those representations which are stated in the written warranties. Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. The manufacturer cannot and does not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.

Oasis Pools Products™ is a trademark of Latham Pool Products, Inc.

Oasis Pools are manufactured under the coveted ISO 9001:2008 Quality Certification.

The specifications in this brochure were believed to be true at the time of printing. However, specifications, standard equipment and options are subject to change without notice.

Feet First™

OASIS STEEL WALL POOLS are ICC-ES compliant when installed with the corresponding Latham Pool Products, Inc. steel (ESR #2782) certified pool kit.

imaginepools™

An Imagine Pool is more than a swimming pool – it is a swimming pool of unique and sophisticated design, technology and technique. It is an unwavering dedication to quality and innovation. It's the belief that happiness is best enjoyed with loved ones at your side enjoying an Imagine Pool in your home.

A swimming pool is an excellent investment, adding value to your property and offering years of enjoyment for the entire family. It is important that you purchase a swimming pool that will provide years of trouble-free ownership. At Imagine Pools, we are focused on building a quality swimming pool to provide you with years of superior performance.

# CENTURION CORE™

Each Imagine Pool is available in either our Standard Construction or our most recent advancement the Centurion Core Construction.

The Centurion Core Construction utilizes the best in resin technology through building all of the structural layers with full vinyl ester resin. Vinyl ester resin is a high performance resin providing improvements in strength, durability and water resistance.

Combining vinyl ester resin with our unique core construction process provides a swimming pool with improved structural strength and corrosion-resistant properties.

## STANDARD CONSTRUCTION

- 10-Year Surface Warranty
- 20-Year Structural Warranty

## CENTURION CORE CONSTRUCTION

- 10-Year Surface Warranty

# SUPERFLO® VS
## VARIABLE SPEED PUMP

**THE SMART PUMP UPGRADE FOR EVERYDAY POOLS.**

# Replace your traditional pump with Pentair's revolutionary variable speed technology—and start saving now.

New SuperFlo® VS Variable Speed Pumps bring the remarkable energy cost savings of variable speed technology to everyday pools that require up to a 1.5-HP pump. They dramatically reduce energy costs by moving water more efficiently at lower speeds. You can save as much as 80%*—up to $1,300 each year*—compared to conventional, single-speed pumps.

- No expensive rewiring needed: automatically recognizes and adapts to your 115- or 230-volt power
- Ideal for new and standard pool pump replacement
- Moves water more efficiently at lower speeds
- Perfect for pools requiring up to a 1.5-HP pump
- Simple, easy-to-use digital control keypad
- Three programmable speeds, plus override capability
- Real-time, 24-hour clock
- Ultra-quiet totally enclosed fan-cooled (TEFC) motor
- The superior drop-in replacement for the Hayward® SuperPump® and existing Pentair SuperFlo pumps

*Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of $0.16 per kWh in a 20,000 gallon pool. Actual savings may vary based on local utility rates, pool size, pump run time, pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors.

Huge energy savings by moving water more efficiently at lower speeds.

## EASY TO INSTALL

The SuperFlo VS pump is the only variable speed replacement pump on the market that doesn't require costly rewiring, because it runs on either 115- or 230-volt power. The easy-to-access wiring compartment makes connection fast and simple.

## EASY TO OPERATE

The SuperFlo VS pump comes with an advanced onboard digital display and a real-time, 24-hour clock that makes everything easy to program and monitor. Select from three programmable speed settings plus an override speed setting to meet your specific pool pump needs.

## EASY ON YOUR EARS

You'll be amazed at the quiet. The ultra-quiet TEFC motor barely makes a whisper and virtually eliminates unpleasant, high-pitched noise.

**Easy to program**
Real-time clock and advanced digital keypad

**No rewiring required**
Runs on 115/230V

Find out why SuperFlo® VS pumps are the smart upgrade for everyday pools.

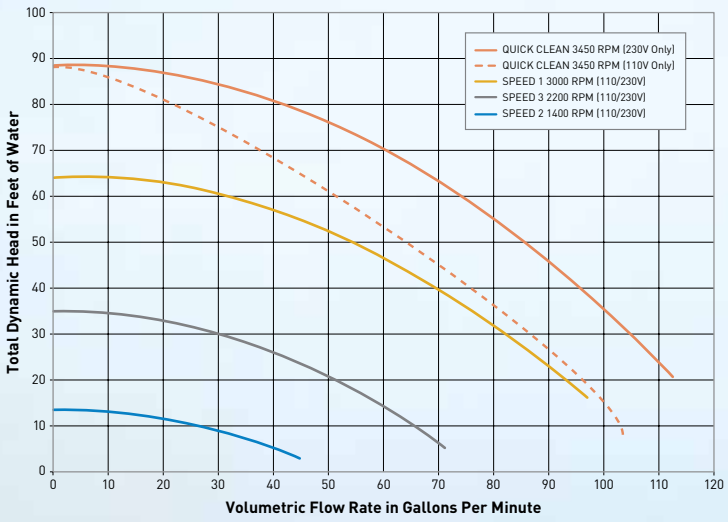
## PERFORMANCE CURVES



**AN ECO SELECT® BRAND PRODUCT**

The SuperFlo VS pump has earned the Eco Select brand distinction as one of the "greenest" and most efficient choices from Pentair. Eco Select products are designed to help you save energy, conserve water, eliminate or reduce noise, or otherwise contribute to a more environmentally responsible equipment system.

ENERGY STAR® Certified SuperFlo VS pumps from Pentair meet strict energy-efficiency criteria set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. These pumps save money, reduce energy use and protect the environment.

# INTELLICHLOR®
## SALT CHLORINE GENERATOR

**TRANSFORM YOUR POOL WITH ORDINARY TABLE SALT.**

# For clean, pure and silky pool water, just add salt.

Your pool is your backyard oasis. Now, you can turn it into a spa-like experience with crystal-clear water that feels smooth and silky to the touch. With the IntelliChlor® Salt Chlorine Generator from Pentair, ordinary table salt is converted into pure chlorine safely, effectively and automatically. You'll be able to see and feel the difference.

## PURE CHLORINE. NONE OF THE DRAWBACKS.

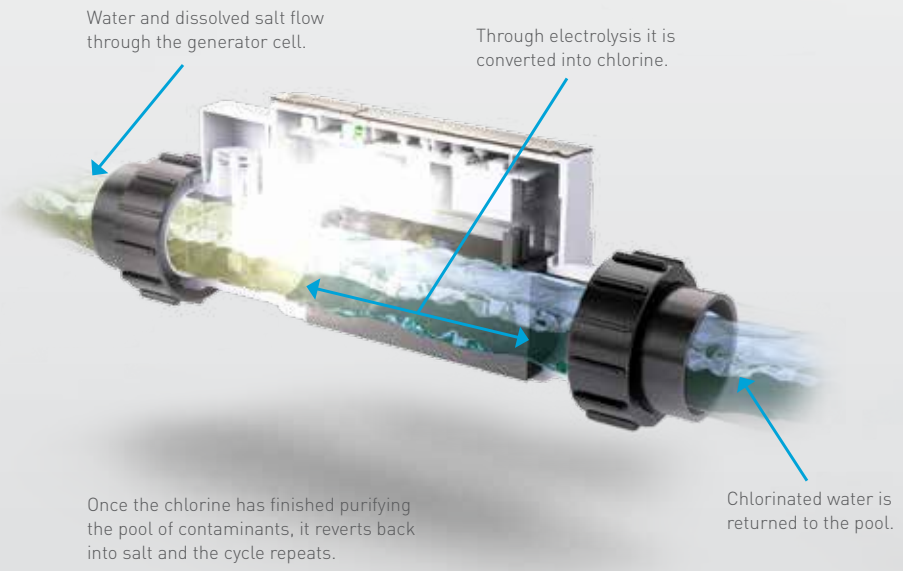
No more buying, carrying, storing or handling chlorine.

No more spills, odor, stinging eyes or irritated skin.

No more bleached out bathing suits.

## EFFORTLESS CHLORINATION.

Electrolytic chlorine generation is the most convenient way to keep your pool clean. Simply adjust the control to achieve the optimal level of chlorine. IntelliChlor does the rest, automatically producing a steady stream of pure chlorine to help keep your pool water clean, clear and free of bacteria and other contaminants. What could be easier?



### Easy Operation
Choose from one of five sanitizing levels. Push the button and you're done.

### Longer Cell Life
Automatic reverse cycling helps prevent scale buildup. And, unlike its competitors, electronics are isolated in the cell, away from high heat components—for longer cell life.

### Multiple Sizes
Available in four model sizes to fit the chlorine needs of any pool. Your Pentair dealer will help select the perfect fit for your pool.

### Automation Ready
Seamlessly interfaces with Pentair automation systems. If adding automation and a chlorine generating system at the same time, opt for a Pentair IntelliTouch® or EasyTouch® Control System with built-in IntelliChlor for ultimate convenience and savings.

## INTELLICHLOR®
## SALT CHLORINE GENERATOR

- Automatically converts common table salt into all the pure chlorine your pool needs—simply, effectively and safely.
- Creates clean, crystal-clear water that is soft, silky and smooth to the skin.
- Eliminates the need to buy, store and handle chlorine.
- After the chlorine has disinfected your pool, it reverts back into salt and the cycle repeats.

Find out why the IntelliChlor Salt Chlorine Generator is the best chlorinator for your pool at **pentairpool.com/intellichlor**.

# INTELLIFLO® 2 VST
## VARIABLE SPEED PUMP

**MORE POOLS. MORE SAVINGS. WORLDWIDE.**

ENERGY STAR

**TRADE**GRADE
BY PENTAIR

The new IntelliFlo® 2 VST Pump is part of the TradeGrade family of products—exclusively made for and sold by the world's most demanding pool professionals.

## POTENTIAL SAVINGS WITH AN INTELLIFLO 2 VST PUMP

| Energy cost per kilowatt hour (kWh) | Estimated IntelliFlo 2 VST pump savings per year[1] | Estimated IntelliFlo 2 VST pump savings after five years[1] |
|---|---|---|
| $0.16 | up to $1,500 | up to $7,500 |
| $0.20 | up to $1,800 | up to $9,000 |
| $0.30 | up to $2,700 | up to $13,500 |

# Installed in more pools worldwide than any other variable speed pump.

## PENTAIR'S ENERGY-SAVING VARIABLE SPEED TECHNOLOGY IS TRUSTED BY POOL BUILDERS, RETAILERS AND SERVICE PROFESSIONALS.

The IntelliFlo variable speed pump that started a revolution in energy savings is the world's best-selling VS pump. And now, the new IntelliFlo 2 VST pump makes the best even better. With energy savings of up to 90%[1] versus conventional pumps, a new easy-to-read rotatable keypad and advanced programming capabilities, pool pros and pool owners love it even more. Plus, it has proven field reliability that no other competitor can match.

[1]Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of $0.16 per kWh in a 20,000 gallon pool. Actual savings may vary based on local utility rates, pool size, pump run time, pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors.

**Runs on the same principles as a hybrid car**
The advanced permanent magnet motor is far more efficient than single- and two-speed pumps

**More environmentally responsible**
Dramatically reduces electricity consumption

**Ready for anything**
Communicates with automation to support all your equipment perfectly

**Energy savings of up to 90%[1]**
Moves water more efficiently at lower speeds

# Whatever features you fancy, the IntelliFlo® 2 VST Pump can handle them, even remotely.*

## DESIGNED TO HANDLE YOUR POOL'S AUTOMATION NEEDS AND STILL DELIVER MAXIMUM ENERGY EFFICIENCY.

To meet your pool's needs today—and be ready for upgrades tomorrow—there's no better choice than the IntelliFlo 2 VST Variable Speed Pump. Designed to pair with Pentair EasyTouch® or IntelliTouch® Automation Systems, this advanced pump can be programmed to deliver the right flow required for filtration, water features, spas and other equipment. With IntelliFlo 2 VST, you can add equipment and features, or change them, without reducing pump performance and while still providing maximum energy efficiency.

### INTELLIFLO 2 VST HELPS POWER YOUR POOL

The IntelliFlo 2 VST Variable Speed Pump is designed to maximize the convenience and efficiency provided by Pentair EasyTouch or IntelliTouch automation systems. In response to system commands, the pump delivers just the right water flow so all your equipment operates effectively and efficiently.

The IntelliFlo 2 VST pump interfaces with Pentair automation systems to give you the convenience of mobile device control.*

The new keypad is rotatable for easy access and has an optional wall mount kit that's sold separately.

*For remote access via a computer, smartphone or mobile digital device, requires the separate purchase of a ScreenLogic® Interface.

**How quiet is the IntelliFlo® 2 VST Pump?**
So quiet you might not even know it's operating.

| Lawnmower | Alarm clock | Vacuum cleaner | Car traffic+ | Single-speed pump+ | Dishwasher | Moderate rainfall | IntelliFlo pump | Library |
|---|---|---|---|---|---|---|---|---|
| **106 dB** | **70 dB** | **70 dB** | **70 dB** | **67 dB** | **60 dB** | **50 dB** | **45 dB** | **30 dB** |

Decibels (dB)
+1.5 HP pool pump. Sources: American Speech-Language-Hearing Association, OSHA.

# Whisper-quiet operation, easy to own and so much more.

## INNOVATION GOES INTO EVERY INTELLIFLO 2 VST FOR EFFICIENCY, ENERGY SAVINGS AND UNIVERSAL APPEAL.

Quiet means you enjoy a more relaxing, satisfying pool and spa experience, because the IntelliFlo 2 VST pump is the quietest pump on the planet. Its permanent magnet motor virtually eliminates unpleasant, high-pitched noise. And with its totally enclosed fan-cooled (TEFC) design, you might not even know it's operating at low speeds.

Built-in diagnostics protect the pump for longer service life

**10+**

Only brand with over 10 years of field-proven reliability

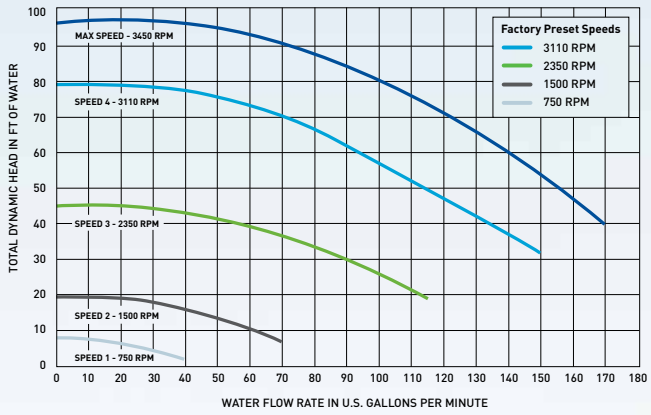
The world's most demanding pool pros trust the IntelliFlo® 2 VST Pump. Learn why from your Pentair dealer or visit **pentairpool.com.**

**AN ECO SELECT® BRAND PRODUCT**

The IntelliFlo 2 VST pump has earned the Eco Select brand distinction as one of the "greenest" and most efficient choices from Pentair. Eco Select products are designed to help you save energy, conserve water, eliminate or reduce noise, or otherwise contribute to a more environmentally responsible equipment system.

The ENERGY STAR® Certified IntelliFlo 2 VST pump from Pentair meets strict energy-efficiency criteria set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. This pump saves money, reduces energy use and protects the environment.

## Performance Curves



NOTE: The chart above demonstrates performance rates at factory preset speeds of 750 RPM, 1500 RPM, 2350 RPM and 3110 RPM.

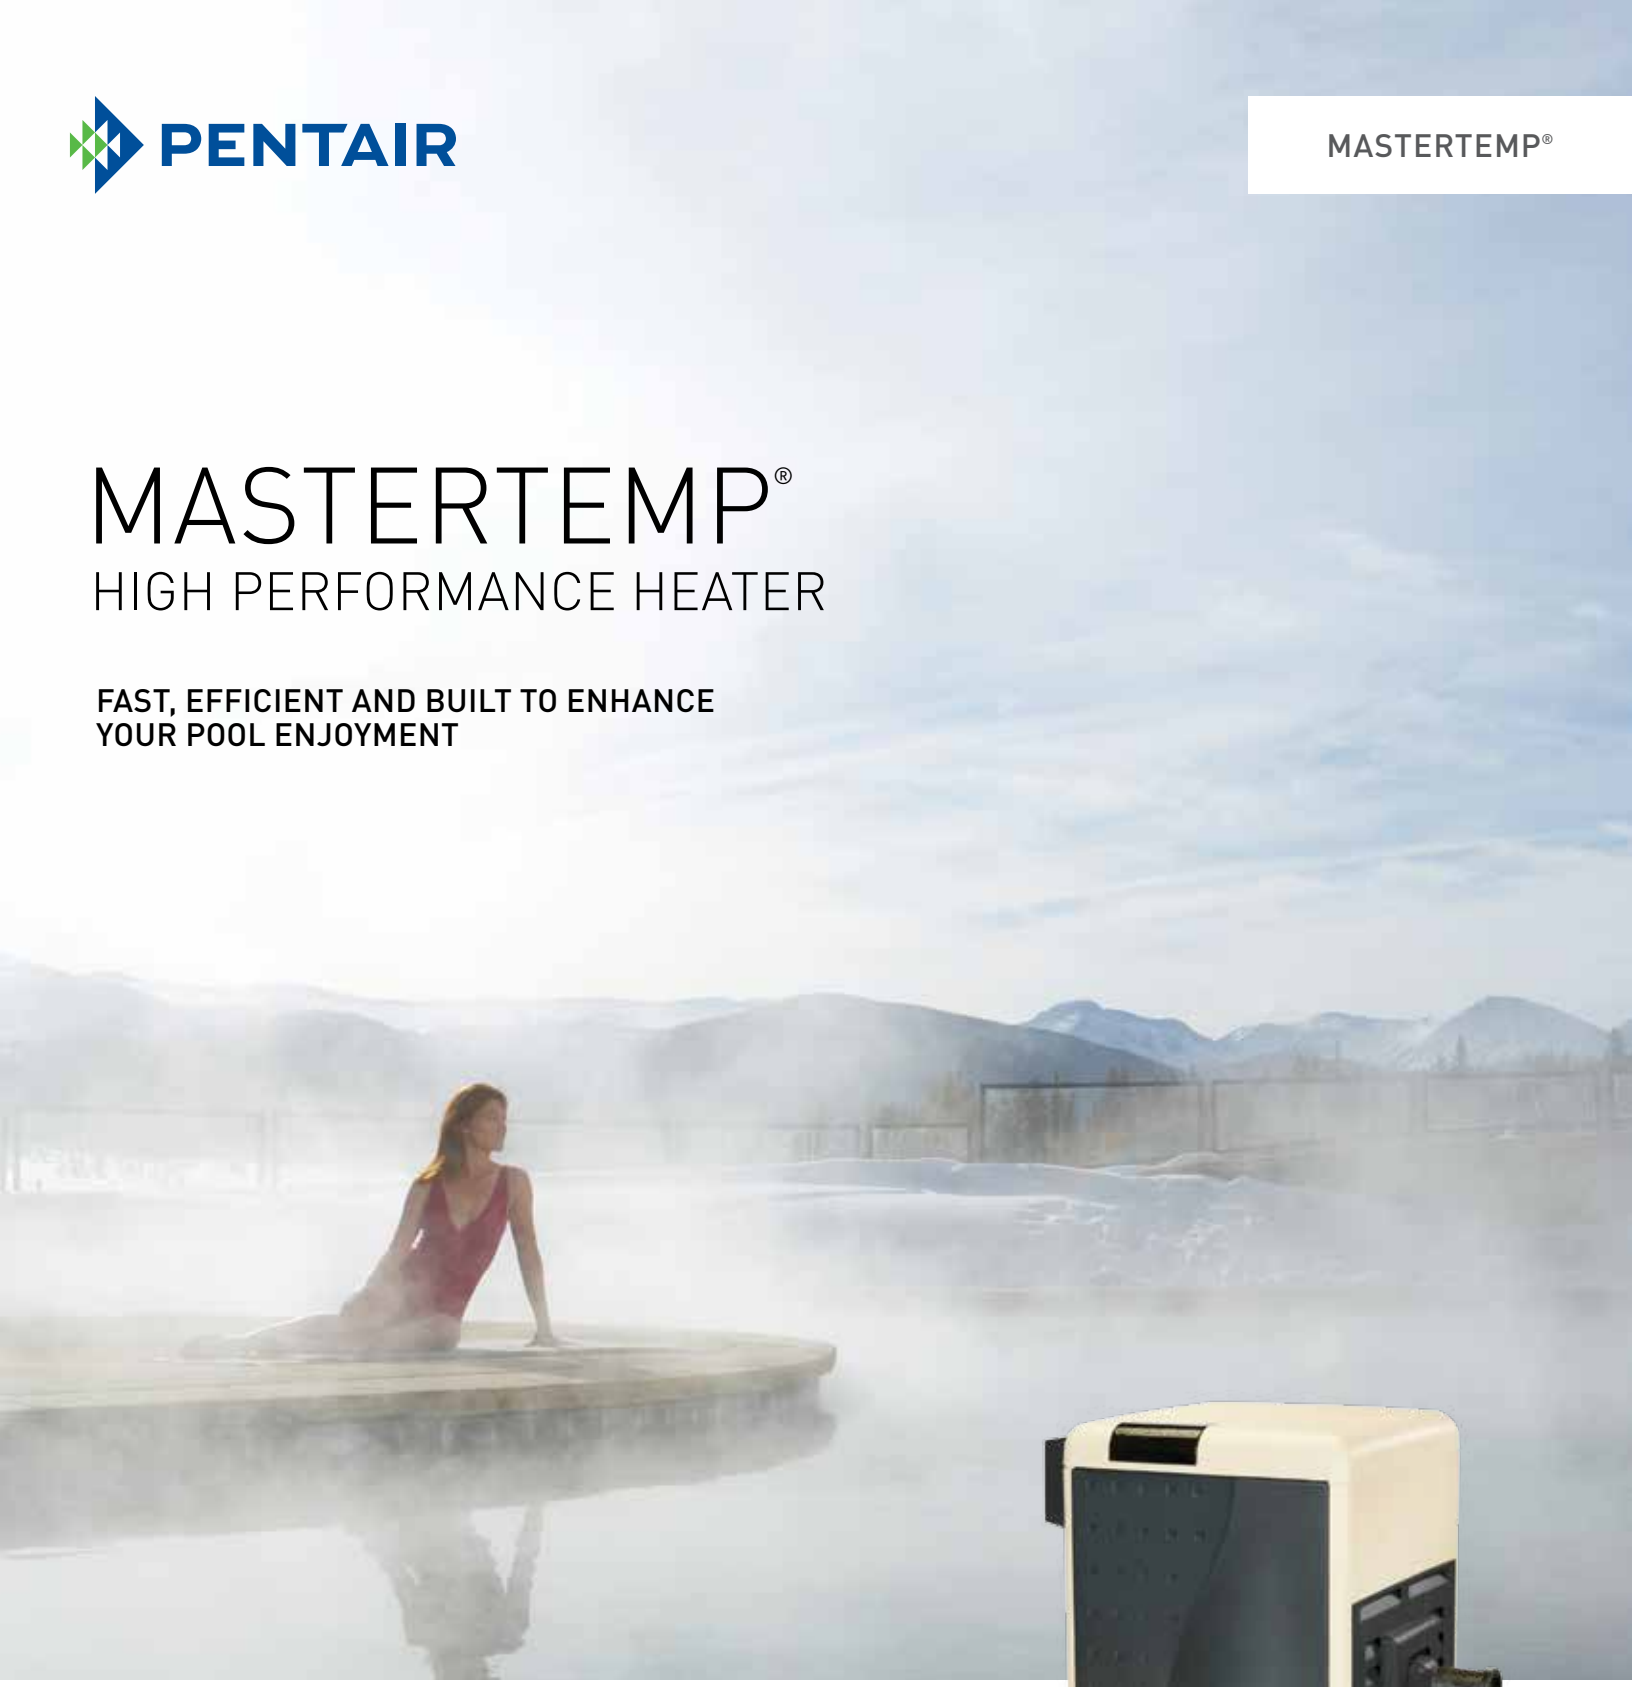
# MASTERTEMP®

## HIGH PERFORMANCE HEATER

**FAST, EFFICIENT AND BUILT TO ENHANCE YOUR POOL ENJOYMENT**



# Big performance. Small footprint.

## EFFICIENCY, FAST HEATING AND SIMPLICITY IN A SLEEK, COMPACT PACKAGE.

When you want the soothing experience of warm water, the MasterTemp® High Performance Heater brings you the design features that deliver lower operating costs, easy operation and a long, dependable service life.

MasterTemp heaters are well-known for best-in-class energy efficiency and low emissions, even while heating your pool quickly. They feature an exceptionally compact design for such a high-performance heater, so they fit on smaller, less-intrusive equipment pads. Controls are intuitive and easy to use. MasterTemp heaters are also designed for super-quiet operation to help keep your poolside experience tranquil.

**Economical and fast**
Premix combustion technology for best-in-class efficiency and fast warm-ups; no long waits to enjoy your pool

**Enhanced design**
Sleek, updated looks with easy-to-use controls

**Built to last**
Tough, rustproof composite exterior weathers the elements

PENTAIR

ETi™ 400

# NEW!
# ETi™ 400
## HIGH-EFFICIENCY HEATER

TRADEGRADE
BY PENTAIR

THE HIGHEST EFFICIENCY EVER.
THE LONGEST-LASTING HEAT EXCHANGER EVER BUILT.

pentairpool.com

# More staying power. More saving power.

## INTRODUCING THE TITANTOUGH™ DIRECT-FIRE TITANIUM HEAT EXCHANGER FOR UNMATCHED DURABILITY AND EFFICIENCY.

The new ETi™ 400 High-Efficiency Heater brings you the TitanTough Heat Exchanger, the longest-lasting heat exchanger ever built. It's the first direct-fire heat exchanger in the industry with titanium ASME-certified construction. And, it's designed to stand up to the harshest water conditions.

The TitanTough heat exchanger leads to another first: 96% thermal efficiency, the highest of any pool heater. So, you heat your pool for less and reduce emissions—all in a heater that's ultra quiet in operation and easy to install, both indoors and out.

**The highest corrosion resistance ever built into a gas-fired pool heat exchanger**
ASME-certified pure titanium direct-fire heat exchanger.

**Incredible 96% energy efficiency**
Extraordinarily efficient gas-fired heater gets more heat into pool water faster.

**Convenient installation**
Flexible venting options, left or right plumbing orientation and certified for indoor and outdoor installation.

**TRADE**GRADE
BY PENTAIR

The TradeGrade family of products is exclusively made for and sold by the world's most demanding pool professionals.

**Easy to vent properly**
Fully sealed Category IV direct-air vent does not require large room openings for combustion air.

**Ultra-quiet operation**
Great for you, great for your neighbors.

**Install in left or right orientation**
Rotatable front door allows control pad to be rotated 180 degrees, so this heater can be plumbed on the right- or left-hand side.

# A tougher metal for longer life.

## PURE TITANIUM WITHSTANDS CONDITIONS THAT DEFEAT ORDINARY HEAT EXCHANGERS

The job of the heat exchanger is to capture the heat from burning gas and transfer it to your pool's water—the more efficiently, the better. But, the combination of operating heat and pool water chemistry can be tough on exchangers, leading to corrosion and failure.

That's why we made the ETi™ 400 High-Efficiency Heater's direct-fire heat exchanger from pure titanium. It provides long life under extreme conditions.

**Rough conditions**
High operating temperatures and pool water chemistry can be rough on conventional heat exchanger materials.

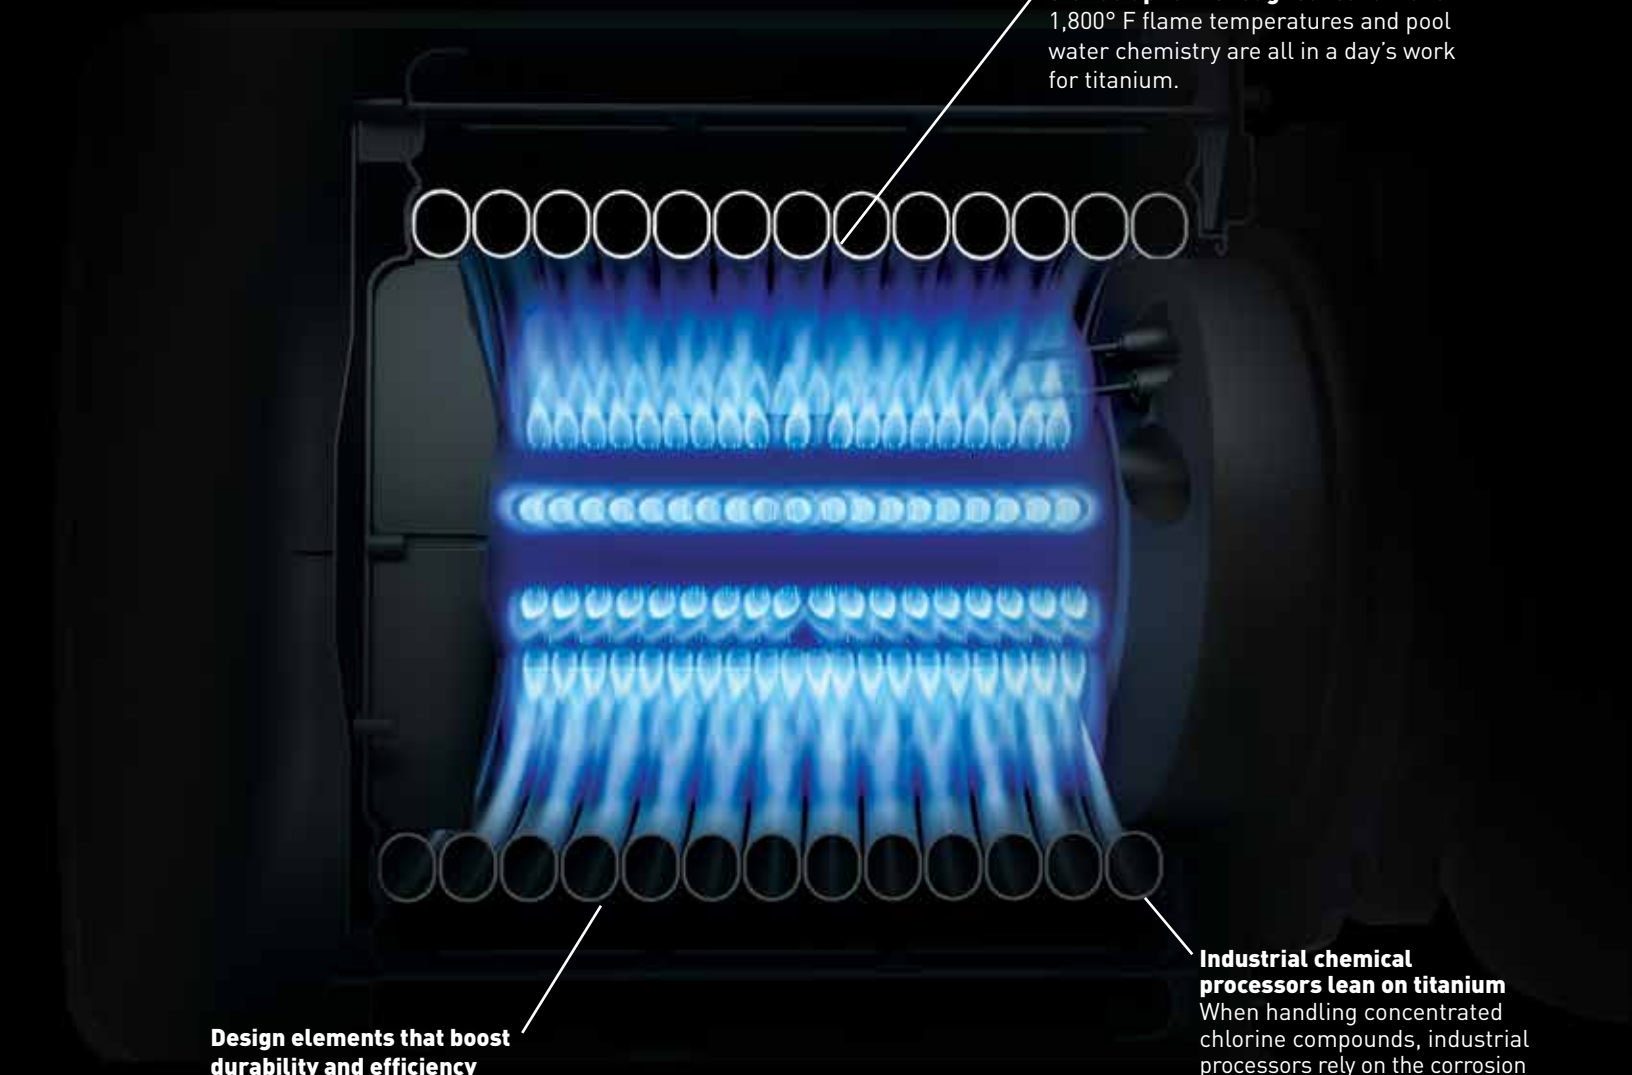
**Titanium: the right stuff for high temperatures**
You'll find titanium in military jet engine afterburners.[1]

**A metal that gets respect**
Titanium is known for excellent corrosion resistance, high strength and light weight.

[1]Photo source: Royal Air Force, United Kingdom. Crown copyright 2007.

# The TitanTough™ Direct-Fire Heat Exchanger

## Pure titanium. Pure performance.



**Stands up to the toughest conditions**
1,800° F flame temperatures and pool water chemistry are all in a day's work for titanium.

**Design elements that boost durability and efficiency**
No welds, crimps or joints that reduce corrosion resistance. Tubing is shaped for maximum flow and efficiency.

**Industrial chemical processors lean on titanium**
When handling concentrated chlorine compounds, industrial processors rely on the corrosion resistance of titanium piping and heat exchangers.

# 96% thermal efficiency saves more in energy costs than any other pool heater.

The ETi™ 400 High-Efficiency Heater pays big dividends by using fully condensing Heat Exchange Technology to put more heat into your pool water and less into its exhaust. That's good for your budget and even better for the environment.

# How much can you save with a 96% efficient heater?

## SIGNIFICANT ENERGY COST SAVINGS EVERY YEAR[2]

The ETi 400 heater operates far more efficiently, with less run time per day. The run-time reduction pays off, especially for larger pools.

**25,000 GALLON POOL**
AVERAGE ANNUAL SAVINGS

$334

**50,000 GALLON POOL**
AVERAGE ANNUAL SAVINGS

$669

**75,000 GALLON POOL**
AVERAGE ANNUAL SAVINGS

$1,004

Average annual heater use: six months

## LOWER $CO_2$ EMISSIONS[3] TO REDUCE YOUR CARBON FOOTPRINT

As the ETi 400 High-Efficiency Heater more effectively adds heat to your pool water, less $CO_2$ goes out the exhaust. Over a year heating a 75,000 gallon pool, the ETi 400 High Efficiency Heater will produce 9,699 fewer pounds of $CO_2$ than a conventional heater. That's almost equal to preventing the yearly emissions from a typical automobile.

**25,000 GALLON POOL**
$CO_2$ EMISSION REDUCTION (POUNDS)

-3,201

**50,000 GALLON POOL**
$CO_2$ EMISSION REDUCTION (POUNDS)

-6,402

**75,000 GALLON POOL**
$CO_2$ EMISSION REDUCTION (POUNDS)

-9,688

Average car $CO_2$ per year[4]: 10,440 lbs.

[2]Energy savings based on 30% heat loss per day from uncovered pool under moderate wind conditions and 65° F outside air temperature. Comparison shows energy savings for a 96% efficient heater versus an 83% efficient heater, based on six months per year of natural gas operation and natural gas cost of $1.22 per 100,000 BTU.

[3]$CO_2$ emission reduction based on 30% heat loss per day from uncovered pool under moderate wind conditions and 65° F outside air temperature. Comparison shows $CO_2$ emission reduction for a 96% efficient heater versus an 83% efficient heater, operating six months per year and based on an emission rate of 117 lbs. $CO_2$ per million BTU from natural gas combustion, per U.S. Energy Information Administration.

[4]2013 data: Average car emits 10,440 lbs. $CO_2$ per year, based on 11,346 annual miles and 21.6 mpg, per U.S. Environmental Protection Agency.

# ULTRATEMP®

## HIGH PERFORMANCE HEAT PUMP

Simply the most economical way to heat your pool and spa

# BEST IN CLASS PERFORMANCE AND EFFICIENCY. ENVIRONMENTALLY SUPERIOR. MORE STANDARD FEATURES THAN ANY OTHER.

With today's record energy costs, there's never been a better time to invest in a heat pump. Compared to gas, oil or electric heaters, UltraTemp® High Performance Heat Pumps use just a fraction of the energy to generate the same amount of heat. In fact, just 20¢ worth of electricity produces $1.00 worth of heat generated by other methods. That means more comfortable water temperatures and longer swimming seasons for you and your family.

Why should you choose an UltraTemp heat pump? That's easy. It offers the longest list of standard features available.

- The UltraTemp heat pump provides an AutoSet™ Temperature Control feature as standard. It monitors water temperature and turns the pump on and off as needed, overriding the time clock to maintain desired temperature. It's the ultimate in convenient, hands-free comfort control.
- The UltraTemp heat pump features the legendary Emerson® Copeland Scroll® Compressor that's more efficient, durable, reliable and quieter than any piston-driven compressor. It's the best of the best.
- Pentair heat pumps have been using the EPA-recognized, environmentally safe, non-ozone depleting R-410A refrigerant for over 10 years. This has allowed the UltraTemp heat pump to be awarded the Eco Select® Brand for environmental responsibility.
- 100% titanium heat exchanger assures corrosion-free performance for extra long life and value.
- LCD control board displays an intuitive, menu-driven readout with easy to follow, full word messages—no codes to memorize.
- Self-diagnostic software continuously monitors system for peak performance.
- Thermostatic Expansion Valve (TXV) controls refrigerant flow for optimum efficiency and BTU output over a wider operating temperature range.
- Automatic defrost feature senses refrigerant temperature and helps prevent the UltraTemp heat pump from freezing, allowing the unit to operate effectively at even lower temperatures than many competing products.
- Perfect companion to IntelliTouch® or EasyTouch® Control Systems—all heat pump instructions and displays can be transferred to a centralized control system that manages all your pool/spa operations and poolscape features.
- ETL listing is your assurance of safer, dependable operation.
- BTU and efficiency independently certified by the Air Conditioning, Heating, and Refrigeration Institute (AHRI). The AHRI Certified mark is applied only to HVACR equipment and components that have been independently tested to certify that manufacturers' performance claims are accurate.
- 10-year compressor parts and labor warranty and lifetime warranty on the titanium heat exchanger. See limited warranty for details.

Clearly, a heat pump is the best choice for pool heating. Also clear is the best-in-class performance and value of the fully-featured UltraTemp heat pump. Contact your pool professional today to learn which model is right for your pool.

Eco® Select
Efficiency • Conservation
PENTAIR

The UltraTemp heat pump has earned the Eco Select brand, indicating it is one of our "greenest" and most efficient equipment choices.

# AUTOMATIC HEATING/COOLING FEATURE!

Pentair H/C model heat pumps are equipped to automatically heat or cool your pool water based on temperatures you set. Select the AUTO mode and the intelligent thermostat will automatically command the heat pump to heat or cool the water to your selected temperature

Note: Pentair is a member of the Air Conditioning, Heating and Refrigeration Institute (AHRI).

Digital controls with dual thermostats offer precise temperature control for pool/spa combinations and avoid overheating and energy waste

Self-diagnostic controls monitor and troubleshoot heat pump operations to ensure safer, dependable operation

Long-life, corrosion-resistant composite cabinet retains a like-new appearance for years

2" plumbing connections for easy installation

## COMPARING THE COST TO HEAT YOUR POOL AND SPA

| HEATER/FUEL TYPE | EFFICIENCY | COST | BTU/$1.00 |
|---|---|---|---|
| ELECTRIC RESISTANCE HEAT | 1 | $0.12/kWh | 28,433 |
| LP GAS | 0.84 | $2.73/Gal | 28,000 |
| NO. 2 HEATING OIL | 0.75 | $3.75/Gal | 28,000 |
| NATURAL GAS | 0.84 | $1.13/Therm | 74,336 |
| **ULTRATEMP HEAT PUMP** | **5.8** | **$0.12/kWh** | **164,913** |

This chart illustrates how an UltraTemp heat pump generates 2.75 to 5.8 times more heat for the same cost. Costs are based on 2014 national average fuel costs and efficiencies (Source: Federal Register). Please consult your local provider for current pricing.

# CLEAN & CLEAR® PLUS
# CARTRIDGE FILTER

## CRYSTAL CLEAR WATER THE EASY WAY

The Clean & Clear Plus filter combines top-end filter performance with low maintenance. This dependable design uses special filter elements to strip tiny particles from your pool water...particles as small as 20 microns (an average grain of beach sand is 1,000 microns). Our four-cartridge design provides maximum filter surface area to capture more dirt and extend time between cleanings. And cleaning is a snap—open the top, remove the cartridges, hose them off and the Clean & Clear Plus filter is ready to go again.

We've maximized cartridge surface consistency to block and trap the maximum amount of solids, plus we use the most durable materials to extend cartridge life. The Clean & Clear Plus filter delivers commercial-grade performance that keeps pools clean and sparkling, day in and day out.

- Four-cartridge design traps more dirt and extends time between cleanings.
- Cartridges are easy to remove and rinse.
- Clamp ring allows easier access to cartridges and internal parts to speed service routines.
- 1½" drain is easy to access and located to ensure complete draining during winterization.
- Fiberglass-reinforced polypropylene tank is strong and corrosion resistant for extra long life.

## AN ECO SELECT® BRAND PRODUCT

The Eco Select brand identifies our "greenest" and most efficient equipment choices. Water flows very efficiently through the Clean & Clear Plus filter, often allowing the use of smaller pumps or lower pump speeds to minimize energy use. And when you rinse cartridges rather than backwash, you can significantly reduce water use, too.

# CLEAN & CLEAR® PLUS
## CARTRIDGE FILTER

Clamp ring for easy and quick access to cartridges

Single-piece fiberglass-reinforced polypropylene tank for strength and corrosion resistance

2" plumbing for maximum flow and faster water cleaning

Easy access 1½" drain makes proper winterization fast and simple

### FOUR CARTRIDGES IN A COMPACT DESIGN

Clean & Clear Plus filters contain four polyester cartridges that hold enormous amounts of dirt, yet are easier to clean. The fiberglass-reinforced tank halves are secured with an innovative clamp ring—just loosen the ring and remove the top half for easy cartridge access and rinsing. Filter maintenance doesn't get any easier.

- Continuous internal air bleed helps prevent air build-up to keep the filter operating at peak performance.
- Single-piece base and body for strength, stability and years of dependable service.

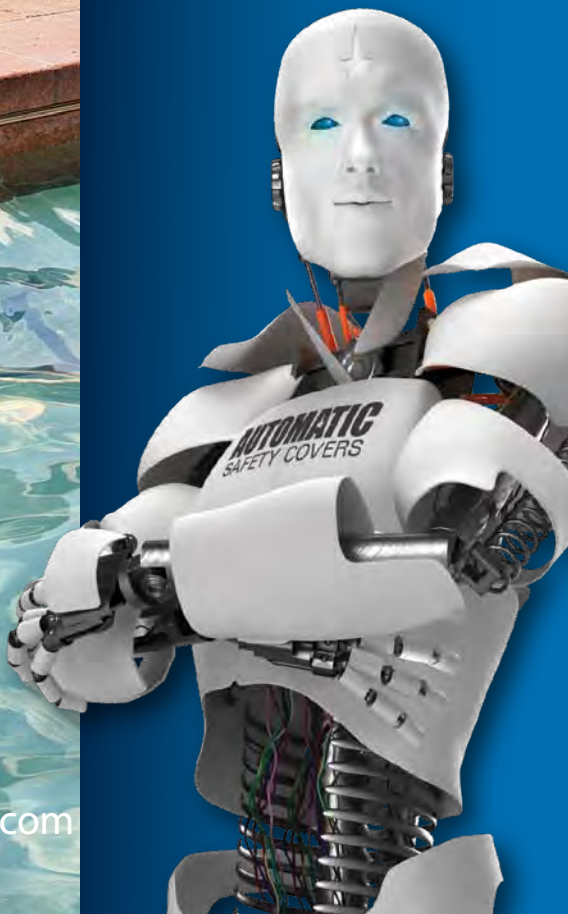
# COVERSTAR®

## Automatic Safety Swimming Pool Covers

LATHAM® behind every pool

coverstar.com

***Everyday protection for your family… at the touch of a button!***



We make it strong. We make it easy.™

COVERSTAR®

# The automatic choice for safety, savings and convenience!

A backyard swimming pool is the ultimate source of family fun! But when it comes to children and pets, it is also the source of safety concerns. No parent can be watching over the pool every minute. No fence or alarm can prevent a child from getting access to an unsupervised pool. A Coverstar automatic safety pool cover can!

## Strong protection – at the touch of a button!

Simply flip a switch, and your Coverstar automatic safety cover will create a barrier over your pool that no child or pet can penetrate. Custom-built to fit your pool perfectly and manufactured from best-in-class materials, Coverstar is the best protection available for your family and your pool investment!

## Save on heat, water, electricity, and chemicals.

A Coverstar cover acts as a passive solar heater, increasing the temperature of your water by eight to10 degrees. It also reduces evaporation of water as well as consumption of chemicals.

## Less time cleaning…more time enjoying!

A Coverstar cover keeps dirt and debris out of your pool. Time spent cleaning out dirt and leaves and putting in new chemicals is almost eliminated!

The weather-proof toggle switch opens or closes your pool in less than a minute. And it locks for secure access!

## Coverstar delivers big savings . . . automatically!

**90% reduction**
in evaporation

**70% reduction**
in pool heating costs

**50% reduction**
in electricity costs

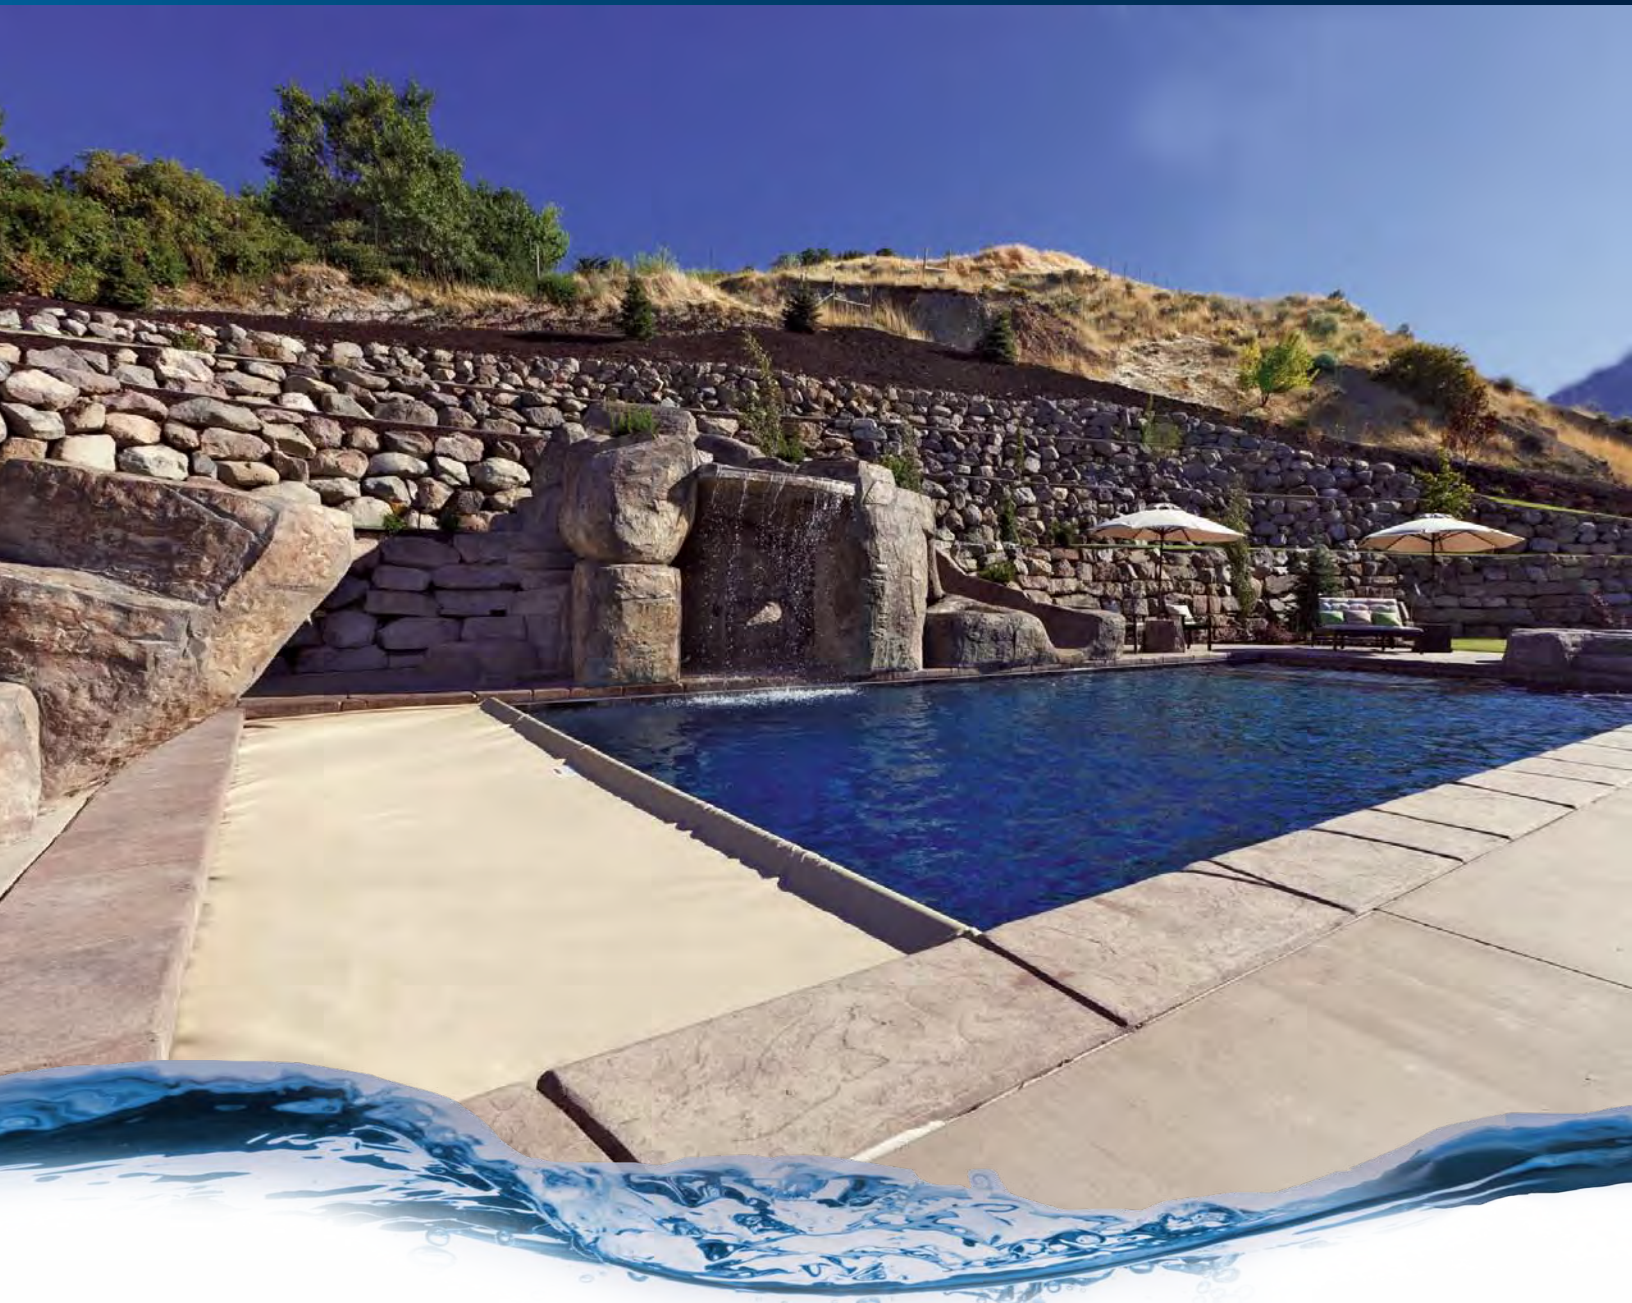
**70% reduction**
in chemical use

An optional keypad control with programmable security code is also available.

We make it strong. We make it easy.™

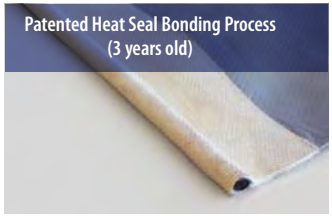
# COVERSTAR®

## The strongest name in automatic safety pool covers®



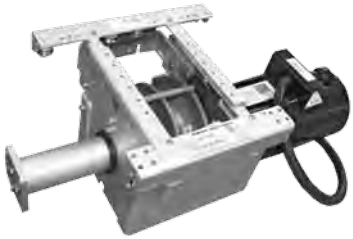
The stronger the cover, the safer the cover. No company builds in more exclusive design and manufacturing features to ensure the strength and performance of its automatic covers than Coverstar!

## Heat-sealed webbing for double the strength!



Most automatic cover manufacturers sew webbing material wrapped around rope to the cover. With this method, the webbing often fails before the fabric does. Coverstar uses an exclusive, patented process to heat seal webbing around a polymer bead and weld it to the cover in one step. *Independent lab tests show Coverstar's webbing is over twice as strong as competitive webbing sewn to a cover!*

## Mechanism engineered for unmatched reliability.



Our unique mechanism is engineered with heavy-duty components and with ropes and pulleys that are stronger than any others used in the industry. The extreme precision of the machined and laser-cut parts allows for smooth operation and many, many years of hassle-free use.

- **Coverstar motors** are completely sealed, using a proprietary method, to prevent water damage. Other less reliable means of water protection could mean an expensive motor repair.
- **PowerFlex™ Ropes** act like a shock absorber and self-adjust during operation for more reliable performance. And they're the only ropes that come with a two-year no-break guarantee!
- **Incredibly strong and durable fabric** – advanced vinyl formulation and superior fabrication methods make it top of the line.
- **Mechanical torque limiter** is adjustable to protect the motorized mechanism from too much stress.
- **Custom designed rope pulleys** provide maximum reliability in the pool environment.

## Quality you can rely on!

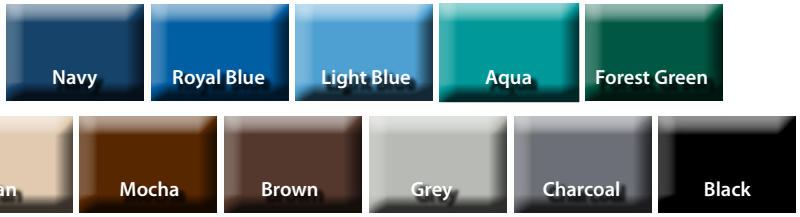
BUILT COVERSTAR STRONG

Coverstar automatic safety covers are independently certified by the Underwriters Laboratories to exceed the powered safety cover requirements set by the American Society of Testing and Materials (ASTM F1346-91), and are UL listed to meet all electrical and safety standards.

# Automatic safety cover options for every need and every pool!

Coverstar automatic safety covers can be applied to a broad range of pool designs and types. Options include:

**Choice of eleven standard fabric colors:** Many other custom colors and fabric weights available.



## Guide Options

**Underguide systems** are embedded in the pool wall or mounted to the bottom side of rectangular pools' coping, allowing guides to remain virtually unnoticed. For a more integrated look, guides can be built directly into the pool wall using guide encapsulation.

**Topguide systems** can be used with most freeform pools. The cover's drive system is installed under an aluminum lid or mounted to the surface of the deck.

**Recessed guide systems** feature aluminum guides that are recessed in the pool deck during the construction of the pool. The recessed guide is flush with the top of the deck.

# COLORVISION™

## BUBBLER WITH SEPARATELY SOLD GLOBRITE® LED LIGHTS

Watch your pool come alive with colorful, moving water

# EXPERIENCE THE VIVID SYMPHONY OF MOVING WATER

The ColorVision™ Bubbler goes from a spectacular display of moving water to a lighted, magical escape with separately sold GloBrite® LED Lights. Whether you're in the mood to relax or entertain, ColorVision bubblers are the perfect way to showcase and enhance pool features like sun shelves, steps and beach entries. Their low voltage and minimal water flow requirements make them an ideal, energy-efficient addition to pools, fountains, ponds and more. Plus, they add eye-catching style and soothing sound to heighten your senses and elevate your aquatic experience.

### Product Features:

- ColorVision™ LED Bubblers and separately sold GloBrite LED lights transform shallow water into places of enchantment
- Perfectly synchronizes with IntelliBrite® 5g Underwater Color-Changing LED Pool and Spa Lights
- Optional IntelliBrite® controller provides fast, easy light control for pools and spas without automation systems
- Compatible with IntelliTouch and EasyTouch® Control Systems for ultimate convenience
- Low flow requirements allow for multiple units per pool

### Product Specifications:

- For use in new gunite, vinyl and fiberglass pools
- Niche provides flush mounting
- Designed for 2"–10" water depths
- Low voltage operation—12 VAC/15 W
- GloBrite LED light cord lengths available in 30', 50', 100' and 150'
- GloBrite LED light available in white only or IntelliBrite colors

**GloBrite LED Lights are not included and must be ordered separately.**

## The Simplicity of Compatibility

ColorVision LED Bubblers and separately sold GloBrite LED lights seamlessly integrate with:

- Pentair LED colored pool and spa lighting
- IntelliBrite Controller (for pools without control systems)
- IntelliTouch and EasyTouch control systems and your mobile device* for remote access from anywhere, anytime

*Requires separate purchase of ScreenLogic® Interface.

# DECK JET
## WATER EFFECT

### WHEN WATER MOVES, MAGIC HAPPENS

Perhaps nothing else soothes the soul like the sight and sound of moving water. That's why water features are such a popular and fast-growing enhancement to pools and poolside environments. With Deck Jet water effects from Pentair, you can add to the peace and tranquility of your poolside experience a number of ways... more economically than ever before.

- Deck Jet water effects are available with five distinctive spray patterns.
- Streams reach up to eight feet, allowing an endless variety of design options.
- Create water arches, blossom designs or whatever your imagination can conceive.
- Attractive installation with no unsightly or unsafe edges or screws.
- Deck Jet water effects won't collect debris like competitive designs.

So, don't just settle for a great pool experience...go all the way to magical...with Deck Jet water effects.

# DECK JET
## WATER EFFECT

Each Deck Jet Water Effect unit comes with 5 interchangeable nozzles — 3 single streams, fan spray and tri-cluster

Single 3/16" Stream

Single 1/4" Stream

Single 5/16" Stream

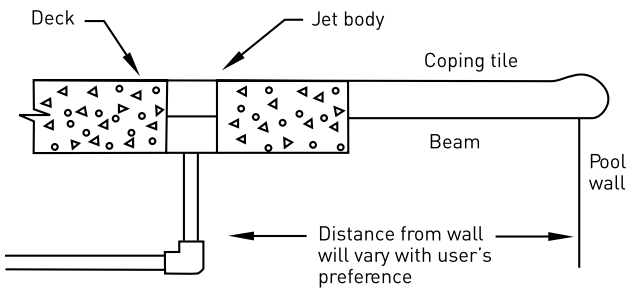
Fan Spray

Early water features were designed for commercial applications and later adapted to residential use. The result was over-engineering and high prices. The Deck Jet water effect from Pentair is specifically designed for residential use, using materials of construction and manufacturing techniques that allow lower costs. All-plastic construction of key parts lowers initial and lifetime system costs while providing trouble-free operation with little or no maintenance.

Deck Jet water effects can be cast into concrete decks and gunite pool walls, mounted in the sidewall of aboveground and vinyl-lined pools, or integrated into surrounding landscapes.

## FEATURES INCLUDE:

- Jets install flush to surfaces to virtually disappear from sight.
- Spray height and direction are easily adjusted to vary water effects.
- Jets are easy to remove and replace to reduce long-term maintenance and allow new water effects.
- Low water pressure requirement for minimum impact on pump expense and performance (<3.5 gpm at 15 feet of head).



Drawing shows simplicity of installation—similar to other pool plumbing tasks

# EASYTOUCH®

## POOL AND SPA CONTROL SYSTEM

# WHO SAYS POOL AUTOMATION HAS TO BE COSTLY AND COMPLICATED?

Scheduling and controlling the operation of pool and spa equipment and related poolscape accessories is now blissfully automatic, simple and affordable. EasyTouch® Pool and Spa Control Systems eliminate the inconvenience of repeated trips to the equipment pad, memorizing operating sequences, opening and closing valves and resetting time clocks and thermostats.

What's more, EasyTouch systems set the standard for operating simplicity with push-button operation and clear, intuitive instructions and displays. Your EasyTouch system includes all circuitry and fully programmable controls in a single Load Center installed near your pool or spa equipment. This avoids expensive wiring and installation costs to make an EasyTouch system affordable for any budget.

## THE ULTIMATE CONVENIENCE IN POOLSIDE CONTROL, RIGHT AT YOUR FINGERTIPS

Add an optional ScreenLogic® Interface Kit to your EasyTouch system and you can control everything from pool and spa temperatures, to jets, lighting, water features and more—right from your favorite mobile digital device. Access your pool from practically anywhere and at anytime using your smartphone, computer or mobile digital device. Whether you're across the deck or around the globe, pool control has never been this easy.

Total control, anywhere, anytime, using your computer or mobile digital device.

## AN ECO SELECT® BRAND PRODUCT

Pentair® control systems can optimize energy use and equipment performance by automating and synchronizing equipment scheduling. They prevent problems and waste so you don't have to rely on your memory or limited time clocks to operate or turn off equipment.

As the global leader in pool and spa equipment manufacturing, we strive to provide greener choices for our customers. We hope you'll join us in embracing more eco-friendly poolscapes by choosing Eco Select brand products for your swimming pool.

Eco® Select
Efficiency • Conservation
PENTAIR

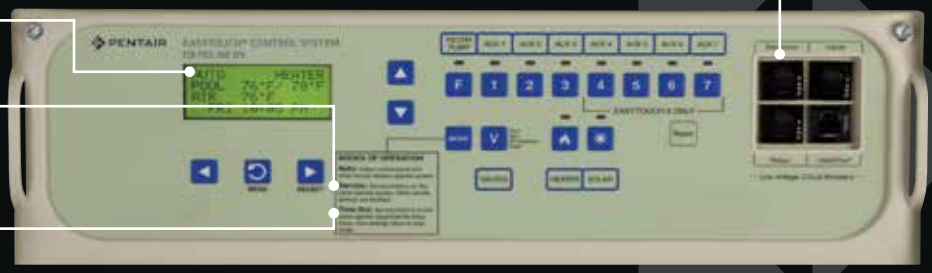
# EASYTOUCH®
## POOL AND SPA CONTROL SYSTEM

Resettable circuit breakers are readily accessible by you or service professionals from outside your home

LCD display informs and instructs every step of the way

Service mode aids in system testing and troubleshooting—no need for service personnel to enter your home

Time Out mode allows programs to be temporarily interrupted before automatically resuming several hours later—no need to reprogram



### EASY TO INSTALL, EASY TO MANAGE

EasyTouch systems are available for a separate spa, a separate pool, or a pool/spa combination with shared equipment. You select from systems that control four or eight accessory functions. Four-function systems are typically used to control pool and/or spa operation plus pool or spa lights and heaters. Eight-function systems allow separate scheduling for additional features, such as landscape lighting, waterfalls, fountains, additional heaters and more. Take the work and worry out of scheduling and operating pool and spa heating, filtration and cleaning cycles. For even greater convenience, you can add any of these optional controllers:

EasyTouch System
Indoor Control Panel
(for 4 or 8 function control)

EasyTouch System
Wireless Controller

SpaCommand®
Spa-side Remote

iS4 Spa-side
Remote

- All functions controlled with easy, one-button access from the Load Center.
- A variety of optional, simple-to-use remote, wired or wireless controllers for added convenience.
- Full programmability of everyday equipment operation for optimum efficiency. Re-program for variable pool/spa usage patterns or when adding or changing equipment to maintain peak efficiency.
- Onboard diagnostics make service simple. Built-in, self-test diagnostics give you the ability to verify correct operation of specific functions, and a diagnostic screen reports failures for troubleshooting and repair.

# GLOBRITE®

## POOL AND SPA LED LIGHTS

# THE BEST AND BRIGHTEST...

When you install GloBrite® Pool and Spa Color LED Lighting in a poolscape, poolside evenings go from great to spectacular. GloBrite lights are the creative, cost-effective way to showcase and enhance pool features like baja shelves, steps, beach entries and other water features.

GloBrite lights utilize the industry's most advanced technology for bright, energy-efficient lighting—while using less energy than comparable pool and spa lights.

Don't settle for an ordinary poolscape experience...let GloBrite LED lighting illuminate your water features and make your evening swims and backyard entertainment more beautiful and exhilarating.

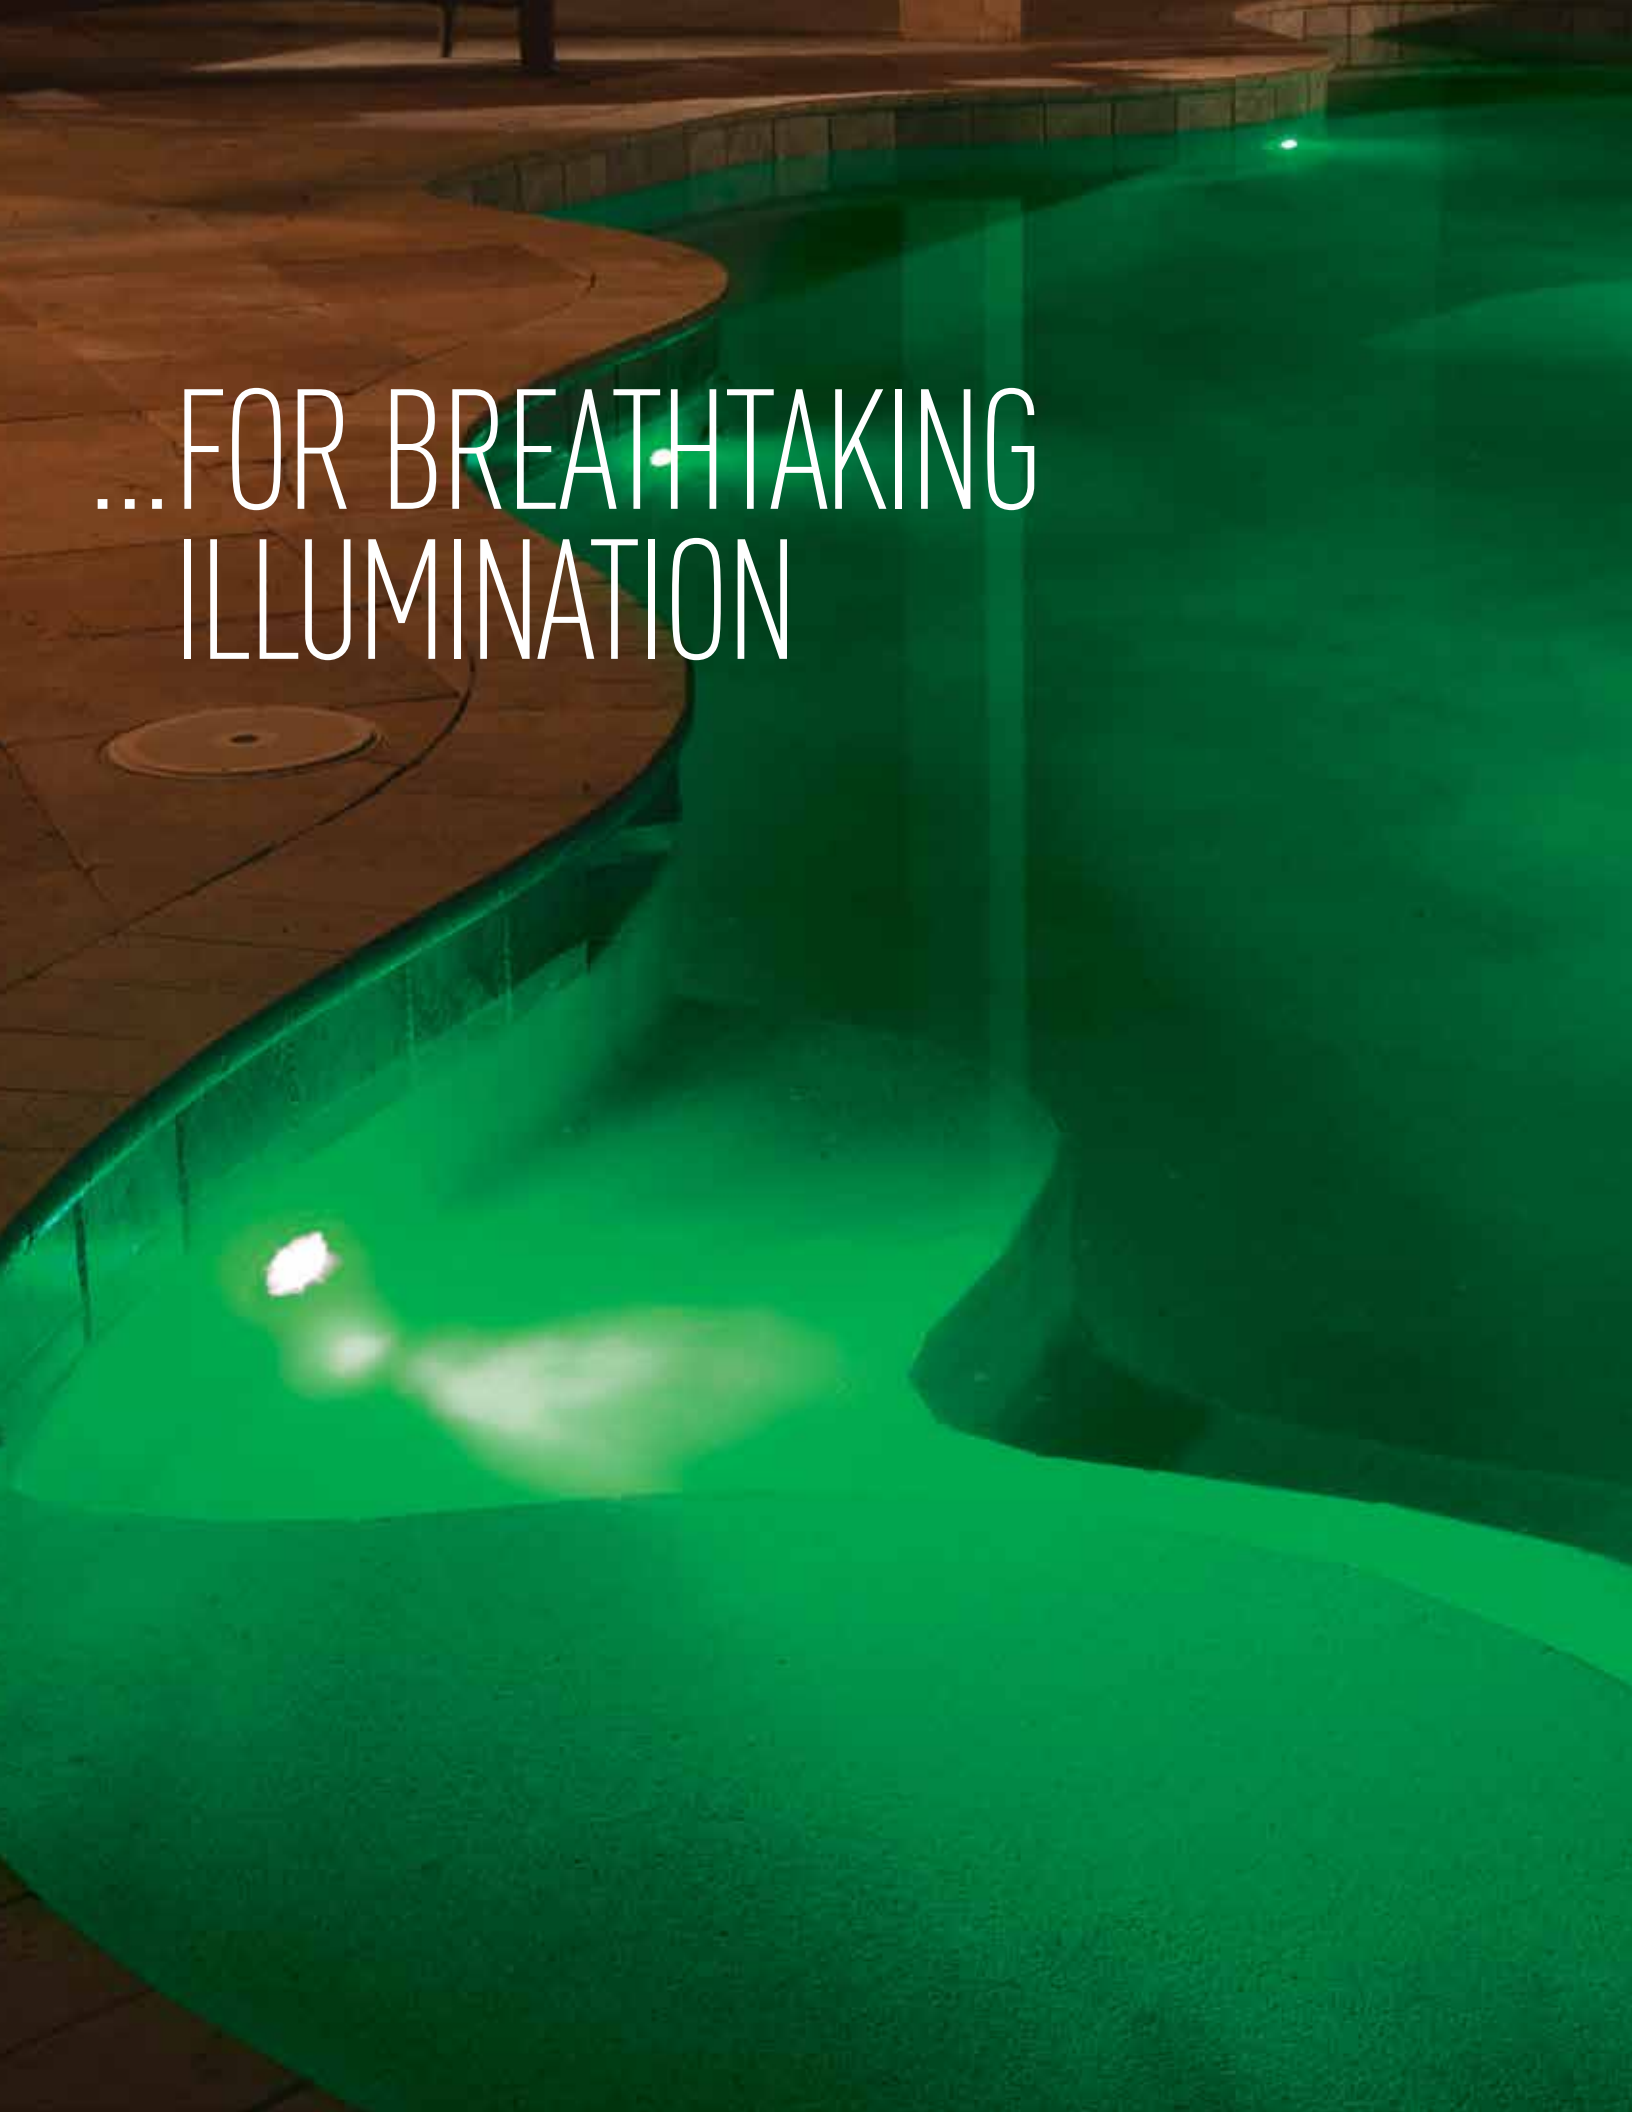
## PRODUCT FEATURES:

- The brightest and most efficient LED lights available.
- 5 brilliant fixed colors, 7 dazzling pre-programmed light shows.
- The perfect complement to IntelliBrite® 5g Color-changing LED Pool Lighting for dynamic, synchronized colored light shows.
- UL Listed.

## THE SIMPLICITY OF COMPATIBILITY

The GloBrite light is more than a stand-alone pool and spa LED light. It is fully compatible with our IntelliBrite 5g line of LED pool lights. When used with an optional IntelliBrite Light Controller, pool and spa owners without an automation system can enjoy fast and easy control of their pool lighting.

For the ultimate in convenience and control, consider an IntelliTouch® or EasyTouch® Control System. You can program and control light shows from home or on the go with our many options, including an indoor control panel and wireless remote. For even greater control, add an optional ScreenLogic® Interface to your Pentair automation system and access your pool from practically anywhere and at anytime using your smartphone, computer or mobile digital device.



# ...FOR BREATHTAKING ILLUMINATION

# GLOBRITE®
## POOL AND SPA LED LIGHTS

### ADD THE MAGIC AND VIBRANCY OF WHITE LED LIGHTING

GloBrite White LED Lights are engineered with the brightest, most efficient LED light technology on the market today.

- LED array creates powerful illumination with remarkable energy efficiency.
- Uses only 15 watts to deliver the equivalent of 190 watts of incandescent light.
- Two dimming levels enhance the beauty of water features, pool entries and more.
- Savings add up with extended service life and energy efficiency.

**An Eco Select® Brand Product**

GloBrite lights have earned the Eco Select brand distinction as one of greenest and most efficient equipment choices from Pentair.

*Concrete, vinyl and fiberglass niches available.*

# MAGICSTREAM®
# LAMINARS

## CRYSTAL CLEAR BY DAY, DRAMATIC COLOR AT NIGHT

MagicStream Laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly colored with an energy-efficient LED light source. The result is a water effect that adds an elegant bit of entertainment to your poolscape.

## FEATURES:

- Adjustable housing allows you to customize the water arcs to meet your desired needs.
- Installation is made flush to your deck or other surface; no unsightly or unsafe edges, just the magic of water erupting from a hidden source.
- Nighttime color effects include the ability to hold a steady color or scroll through a range of five vibrant LED colors! A microprocessor-controlled, color-changing LED lighting system is at the heart of the MagicStream Laminar. It has three distinct programs—synchronized, random and party—and can freeze on a single color.
- Perfectly synchronizes with IntelliBrite® 5g Underwater Color-Changing LED Pool and Spa Lights and ColorCascade® LED Light Bubbler.
- For a more enriching nighttime experience, a solenoid is integrated into the LED system to "thump" the water stream, adding a bright spot of light as it follows the arc into the pool or spa.
- Works with optional IntelliBrite Controller or EasyTouch® and IntelliTouch® Automation Systems to give you fast and easy control of your lighting experience.
- Pair with optional ScreenLogic® Interface and enjoy control from your PC or Mac® computer, iPhone®, iPad®, iPod touch® mobile digital device or Android® device.

# MAGICSTREAM®
## LAMINARS

### ENHANCING THE ENTIRE SENSORY EXPERIENCE

MagicStream Laminars clearly add to the sights of your backyard sanctuary. But, they also provide a gentle, soothing auditory experience as the stream gently enters your pool—just a hint of sound to mask neighborhood noises that may otherwise interrupt your down time.

### ADDITIONAL FEATURES INCLUDE:

- Laminar box lids available in tan, black and gray to match or complement pool deck or other installation surface.
- Laminars are easily adjusted two ways: vertically from 62° to 75° to create different heights and arc shapes, and the direction the arc is pointed can be moved right or left up to 60° total. Get creative by varying individual stream's height, arc shapes, direction and color.
- MagicStream Laminars come fully assembled and ready to install on nearly any water return line. To create spectacular nighttime effects, an LED light engine is included. Simply add plumbing and a pool transformer to provide just 16 watts of 12V power.
- Laminars are designed for easy removal and replacement.

# NEW!
# MAGICBOWL™
## WATER EFFECTS

THE ONLY WATER FOUNTAIN BOWL WITH
ELEGANT, LIGHTED FIRE EFFECTS

FireFX™ LED Lights are not included and are sold separately.

# Make a stunning architectural statement.

A BEAUTIFUL ADDITION TO YOUR NEW OR RENOVATED POOL.
BRING MAGIC TO YOUR BACKYARD OASIS.

Your pool is a reflection of your unique style. Now, you can add your personal touch with the dramatic sights and soothing sounds of MagicBowl™ Water Effects with FireFX™ LED Lights.

**Available in square**
For a more angular and tailored look to add drama to your poolscape.

Automation-compatible for added convenience and control.

During the day, a dazzling accent to your pool or spa. Available in round or square to accentuate your pool's unique style.

Brass | Bronze | Copper | Gray | Natural | Pewter | White

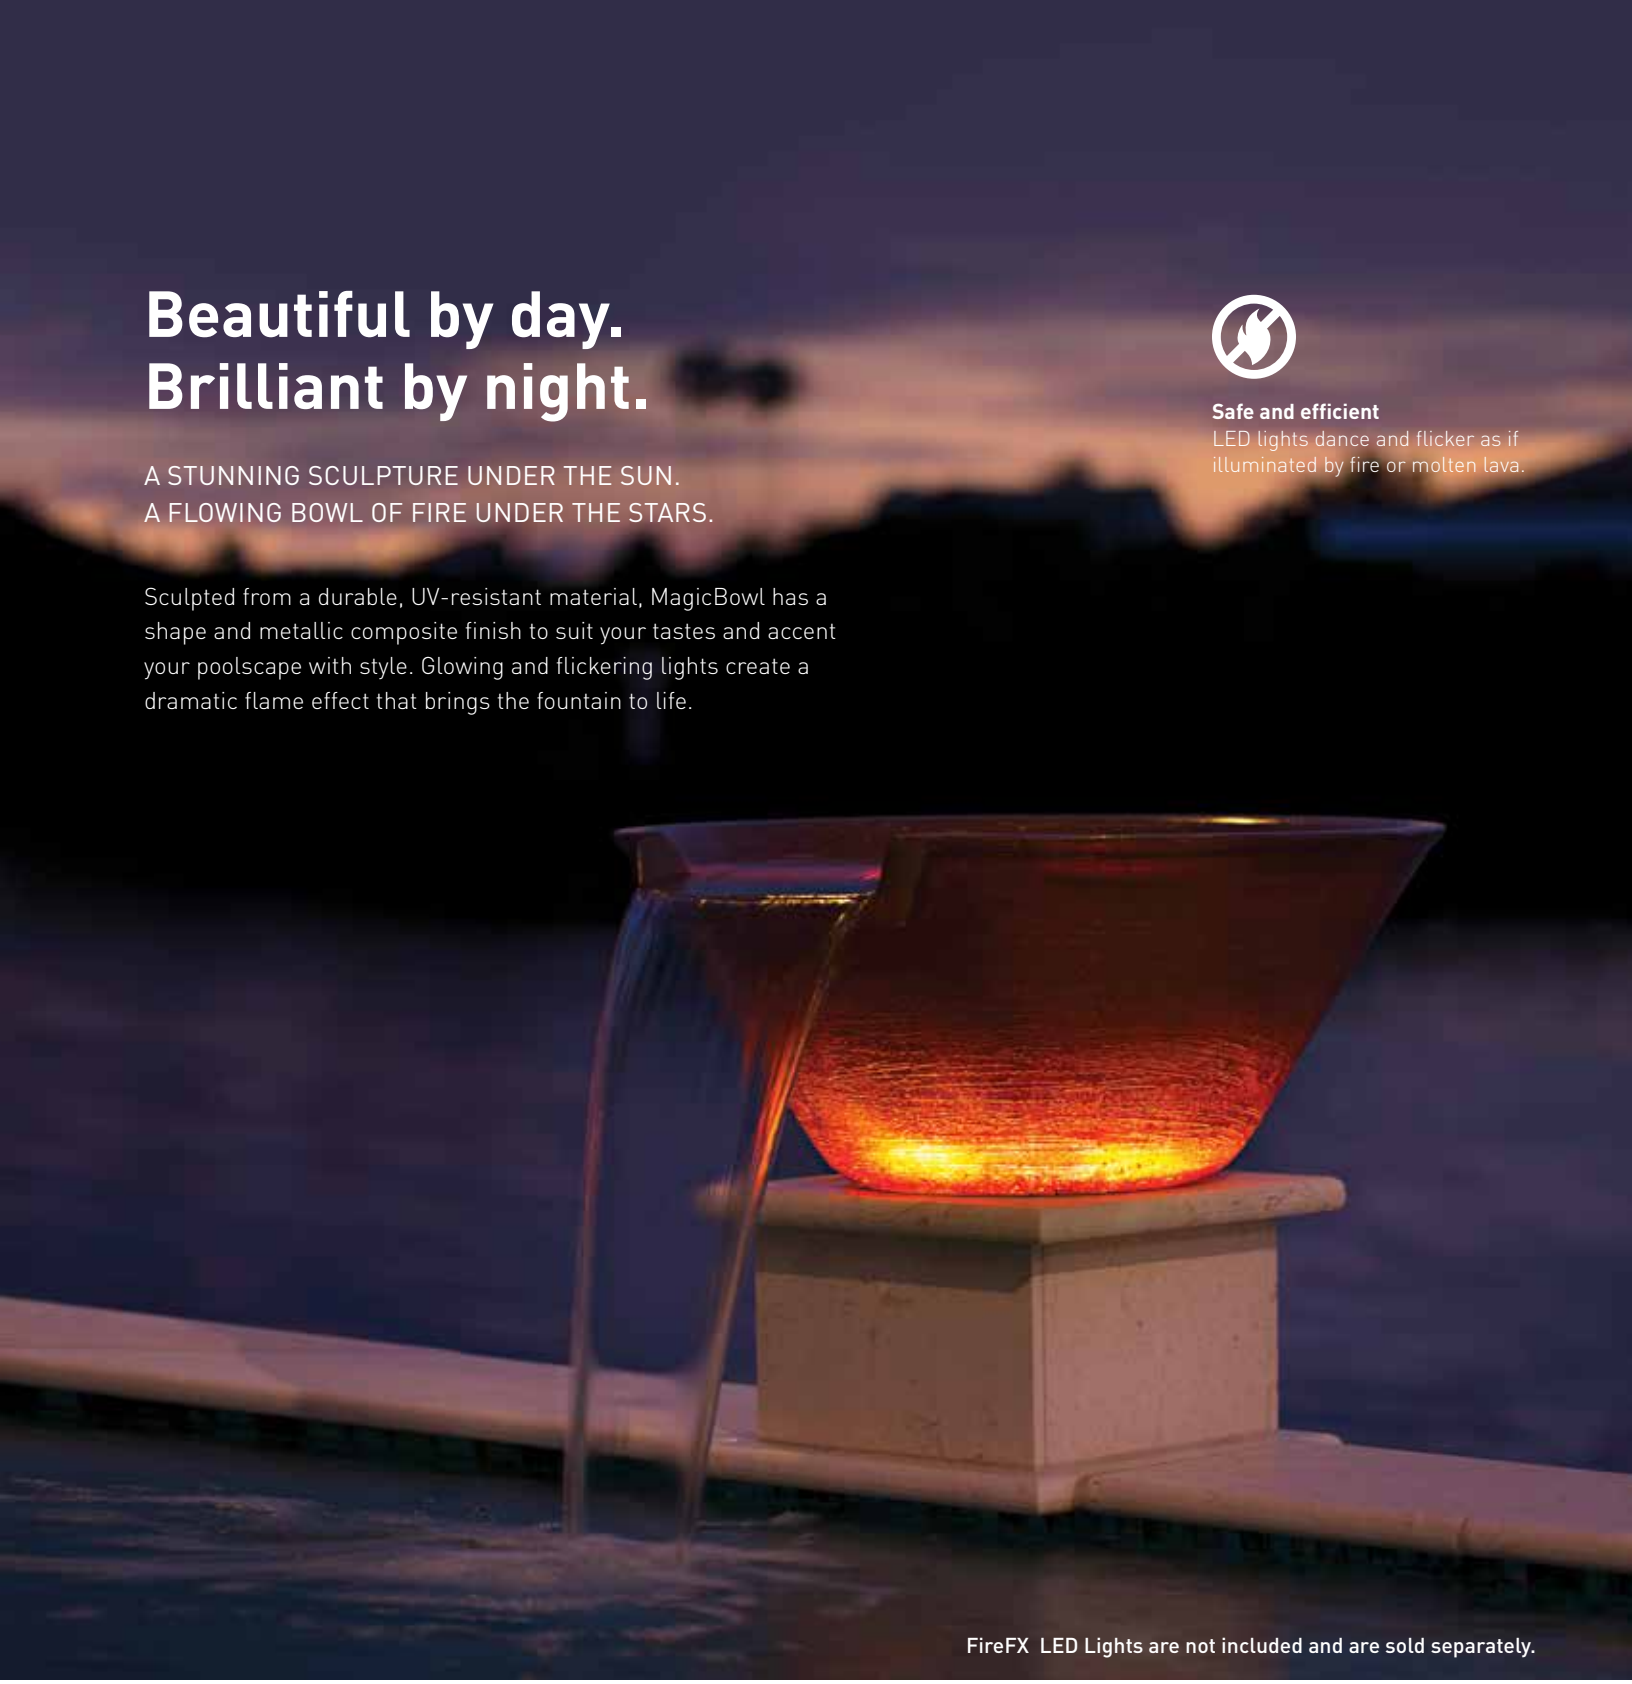
Actual finish and colors may vary from the images shown due to slight differences in material make-up and/or the fabrication process. Please use as a guideline only.

# Beautiful by day.
# Brilliant by night.

A STUNNING SCULPTURE UNDER THE SUN.
A FLOWING BOWL OF FIRE UNDER THE STARS.

Sculpted from a durable, UV-resistant material, MagicBowl has a shape and metallic composite finish to suit your tastes and accent your poolscape with style. Glowing and flickering lights create a dramatic flame effect that brings the fountain to life.

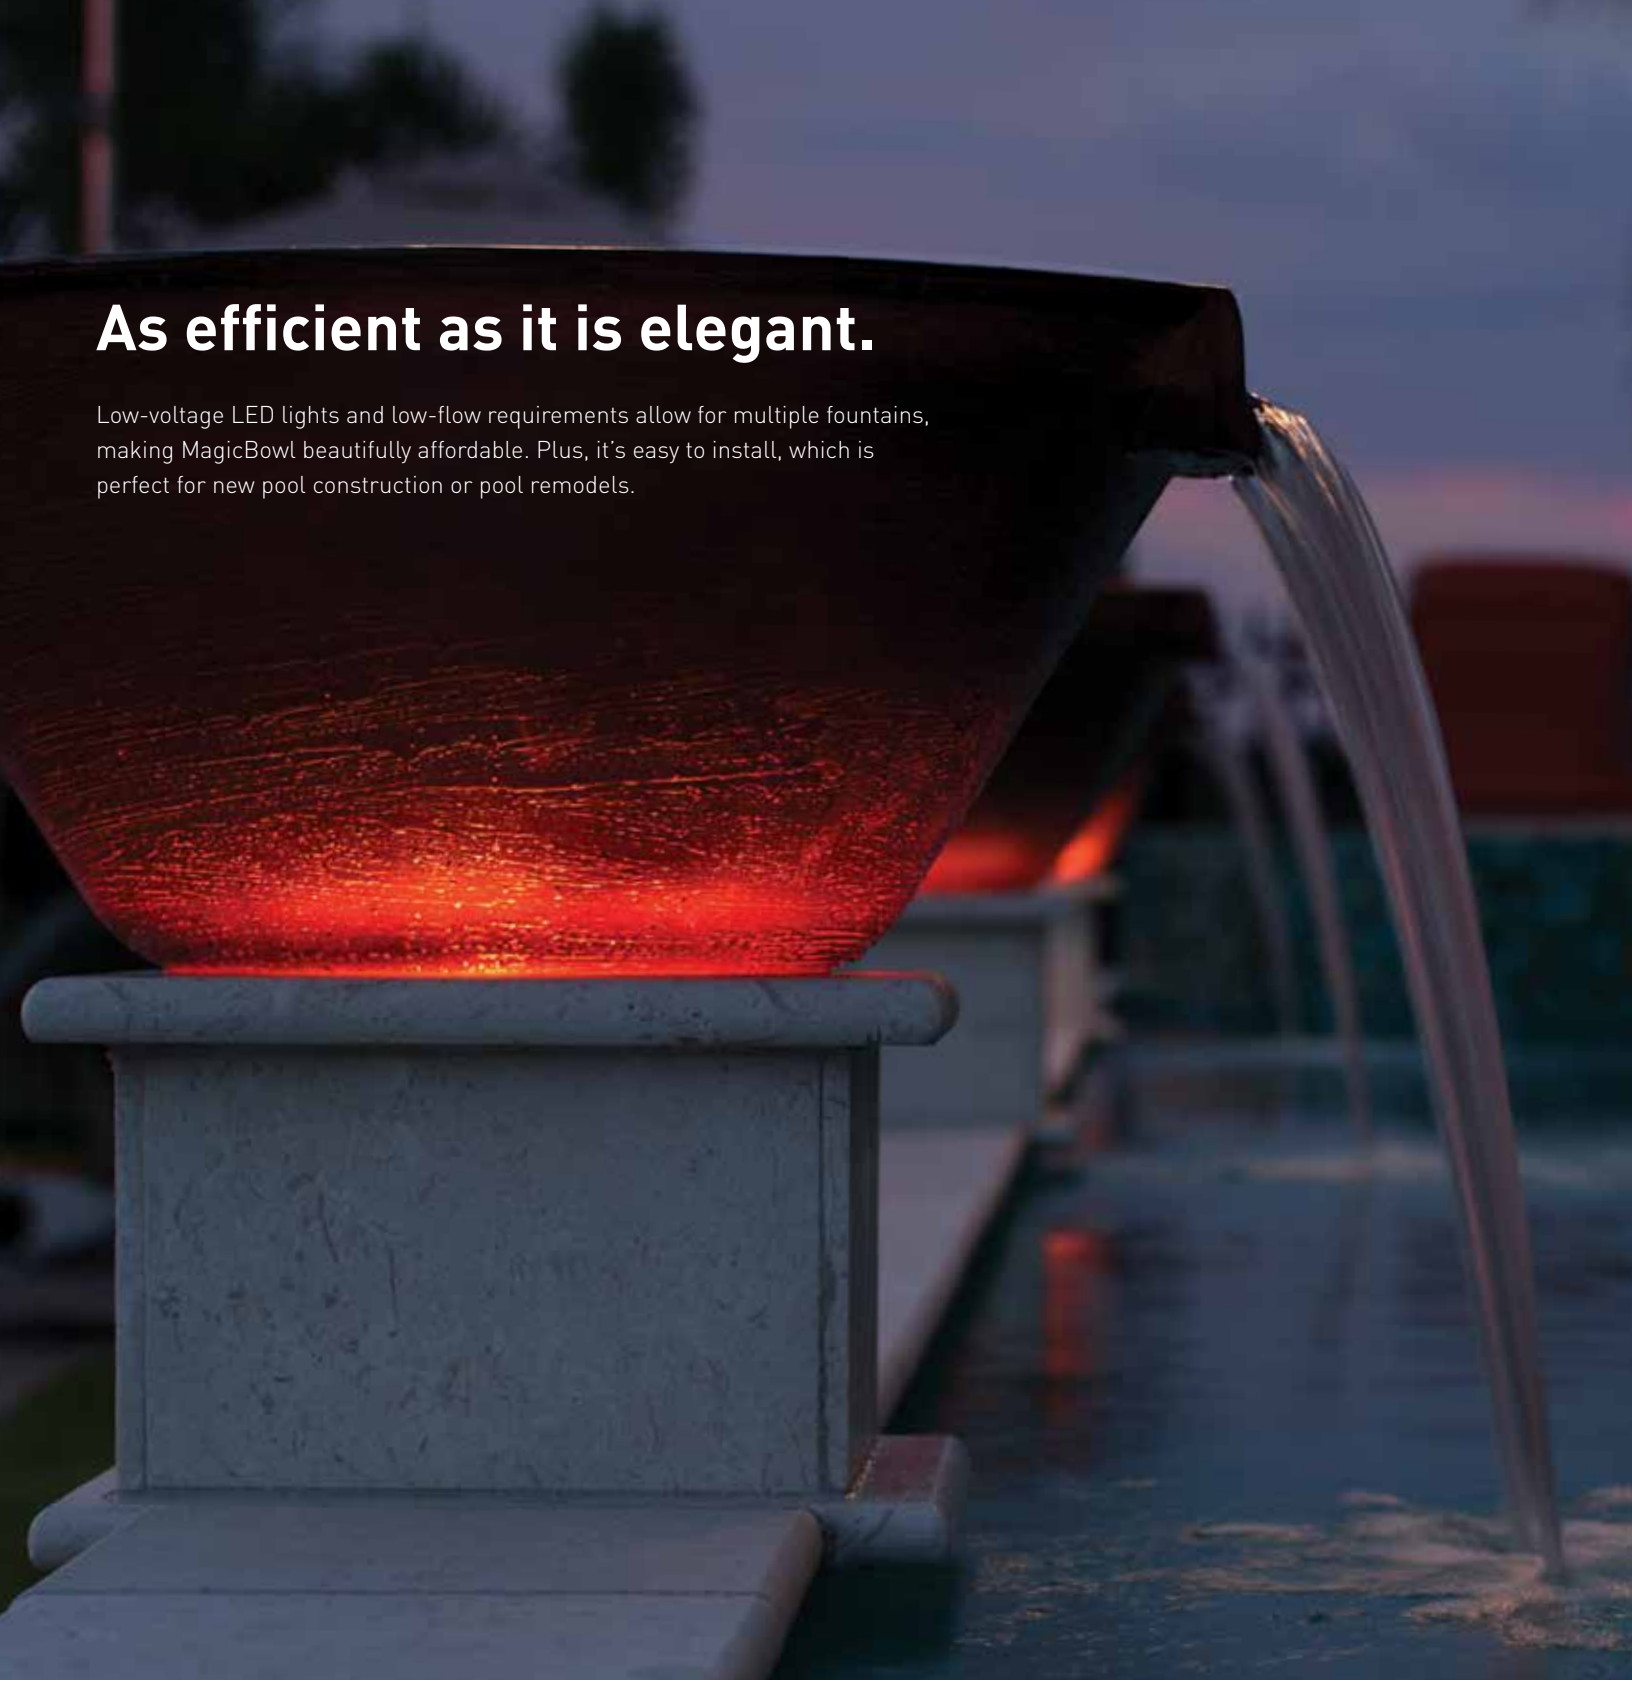
**Safe and efficient**
LED lights dance and flicker as if illuminated by fire or molten lava.



FireFX LED Lights are not included and are sold separately.

Spectacular light and water effects create nighttime drama.

Brass | Bronze | Copper | Gray | Natural | Pewter | White



# As efficient as it is elegant.

Low-voltage LED lights and low-flow requirements allow for multiple fountains, making MagicBowl beautifully affordable. Plus, it's easy to install, which is perfect for new pool construction or pool remodels.
